## FRENCH OFFICIALS ON RUHR RAILWAYS

Details of Administration Are Completed

Tax on Tobacco and Liquor Is Collected

Dusseldorf, March 2.—Two decisions bearing on the administration in the Rhineland and the Ruhr district by the armies of occupation are announced at French headquarters here. The first is the final step in giving necessary powers to the French and Belgian commanders to administer the German railroads and the second provides for the collection of an internal revenue tax on tobacco and alcoholic beverages. The Cologne Bridgehead, occupied by the British, is not yet included in this order.

Station Taken Over.  
Limburg, March 2.—The French have extended the limits of the zone formerly occupied by the Americans by taking over the Plammersfeld Station on the Aachen-Limburg Railway, apparently with the intention of erecting a customs depot.

Fines Paid.  
Berlin, March 2.—The German Government has been paying fines assessed by French courts martial against Essen policemen, in order to expedite their release from prison, says a dispatch to the Vossische Zeitung. Prison sentences and fines ranging from 50,000 marks to hundreds of thousands of marks have been imposed on many policemen for obeying the orders of the Federal Minister of the Interior not to salute French and Belgian officers, the dispatch says.

Notes From Germany.  
Berlin, March 2.—Germany has sent to the larger foreign powers who are not participating in the Ruhr occupation notes calling attention to the seriousness of the situation in the Ruhr district. It is declared this step is considered necessary in order to give the world a composite picture of French procedure.

## FEAR OUTBREAK OF WAR IN EUROPE

Officials in Washington Regard Ruhr Situation as Most Dangerous

New York, March 2.—(Canadian Press)—A special to The Tribune from Washington says the situation in the Ruhr district is now regarded in the United States capital as so serious that "no one would be surprised at an outbreak of hostilities which would lead to a renewal of war at any moment."

Not even at the moment the French troops began their advance into that region, the dispatch continues, was the danger of hostilities so great as now, in the opinion of Washington officials.

The paper adds that the uncertainty as to developments in the Near East as well as the Ruhr situation "adds to the feeling of apprehension in Washington."

## TURKISH DEPTIES DEBATING TREATY

Effort to Fuse Factions in Vote on Allies' Terms

Greek-Turkish Exchange of Prisoners Halted

Constantinople, March 2.—The convention is growing here that the Government at Ankara will have a majority in its favor on its peace plans. The debate at Ankara is generally described as a search for middle ground which will bring all elements together.

Prisoner Exchange Halted.  
London, March 2.—A dispatch to the Central News from Athens says that in view of the continued expulsions of Greeks from Turkey, the Greek Government has "ordered the Red Cross at Geneva to suspend its mission for the exchange of prisoners will halt the departure of Turkish prisoners from Greece and that it has ordered steamships detailed for the repatriation of the Turks not to sail."

## PREMIER KING IS IMPROVING

Ottawa, March 2.—(Canadian Press)—Premier King, who has had quite a serious attack of grippe, continued to make good progress, and it is hoped that he will be in condition to return to his duties by the beginning of next week.

## SUFFRAGE BILL IS DEFEATED IN JAPANESE HOUSE

Tokio, March 2.—The Universal Suffrage Bill was defeated in the Lower House of the Diet to-day after Premier Kato said the Government had under consideration the extension of the franchise.

## NEW CANADIAN-U.S. FISHERIES TREATY IS TO BE SIGNED TO-DAY

Washington, March 2.—(Canadian Press)—The Canadian Minister of Marine and Fisheries, Hon. Ernest Lapointe, conferred with Secretary Hughes and other State Department officials to-day. Mr. Lapointe and the United States officials expect to sign up the new fisheries treaty, which relates chiefly to halibut, this afternoon.

The Canadian Minister called on various officials to-day and this afternoon visited the Capitol and Senate in session.

Ottawa, March 2.—(Canadian Press)—There is a division in the ranks of the Duff Commission which investigated the fisheries situation in British Columbia, according to a report circulated in the corridors of Parliament. The Commission, it is stated, has about completed its final report, and it is said to be over one section of this report that the division has arisen.

The point of contention is understood to be a proposal that the Commission should recommend that no fish be exported from Canada except after it has been cleaned and packed in cases of 200 pounds. The Commission was urged in the first place to recommend that an embargo be placed on exportation of fish, but this was rejected. The proposal now said to be under consideration is stated to be a substitute for the embargo proposal. The Commission is reported to be evenly divided over the new proposal.

## R. J. MACKENZIE DIED IN CALIFORNIA

Son of Sir William Mackenzie; Fifty Years Old

Was Canadian Northern Vice-President and Horseman  
Winnipeg, March 2.—Roderick J. Mackenzie, internationally known sportsman, who died in Los Angeles last night, was a son of Sir William Mackenzie, former president of the Canadian Northern Railway. Mr. Mackenzie was born at Kirkfield, Ont., fifty years ago, and was particularly well known throughout Western Canada. He came to Winnipeg in 1895, and was identified with the construction of the Canadian Northern line in the West, and later was appointed Second Vice-President in charge of Western lines.

Mr. Mackenzie was a noted horseman, owning many of Canada's best race horses, and his colors were well known to both Canadian and United States tracks.

The late Mr. Mackenzie was known in Victoria, having visited the city on a number of occasions.

## A. F. HEALY NEW NORTH ESSEX I.P.

Ottawa Government Satisfied With Result in Ontario

Lead Over Lieut.-Colonel C. Robson About 1,350

Windsor, Ont., March 2.—With three small polls to hear from, it is not expected that the majority of A. F. Healy, Liberal victor in the North Essex by-election, will exceed 1,350 votes. Figures compiled to this afternoon give Healy a lead of 1,167.

Ottawa, March 2.—As Albert F. Healy, Liberal candidate, was elected yesterday with a majority of about 1,500, regarded as about three times the former prevailing majority in North Essex, Ontario, the Government expresses itself as well satisfied with the result.

The Liberals point out that the normal Liberal majority since 1896 has been not more than 500. Before that it was normally Conservative. In 1911, in the upset of the Laurier Government, a Conservative was returned for the first time in fifteen years, the majority being 176.

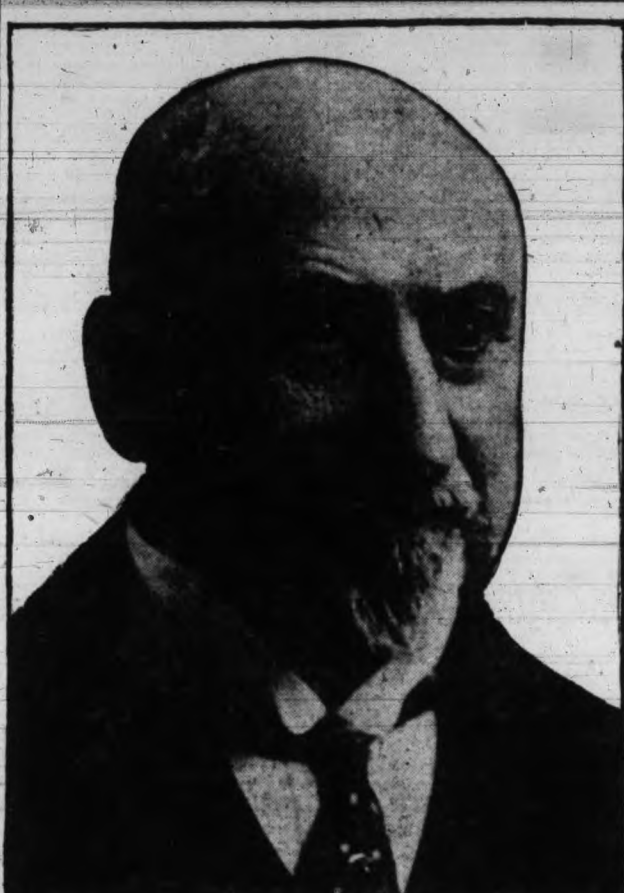

The late Hon. W. C. Kennedy first ran in 1917 as a straight Liberal, when he had a majority of 446; but his enormous personal popularity was really shown in 1921 when he rolled up a majority of over 7,000, or about three times the combined total majorities of every winner in the six preceding elections. He was heavily interested in almost every form of activity in the constituency and at the election in 1921 many Conservatives either supported him or refrained from voting.

In the by-election yesterday Mr. Healy defeated Lieut.-Col. C. Robson, Conservative.

## PROHIBITION POSTPONED IN CONSTANTINOPLE

Constantinople, March 2.—Prohibition in Constantinople has been postponed because the authorities recognize the difficulty of enforcing anti-liquor measures while large Allied military and naval forces are here. Prohibition was to have gone into effect here yesterday.

## DIED IN VANCOUVER TO-DAY; J. MARTIN, K. C.

## VETERAN OF PARLIAMENTS AND LEGISLATURE PASSED WHEN J. MARTIN DIED

Vancouver, March 2.—Joseph Martin, K.C., the well-known Canadian lawyer and politician, died here this afternoon at two o'clock. For two weeks he had been lying seriously ill at the General Hospital suffering from a complication of diabetes and enlargement of the liver following an attack of influenza. He was 71 years of age and a native of Ontario, having been born at Milton in that province.

If ever there was a political knight-errant, Joseph Martin was one. He travelled far and wide, seeking adventure at the polls, on the hustings and in the legislatures. For thirty years where the smoke of political battle blew thickest, there was almost certain to be found the lance and pennant of "Fighting Joe." And, true knight that he was, he was always concerned more with the best of the contest than with any end he might achieve. He liked politics for the fighting politics involved, and if there wasn't a fight, he made one. But once the battle was over, he was apt to lose interest in the subsequent proceedings and to turn his attention in some other direction.

For many years Joseph Martin was the most-talked-of man in all Canada. (Continued on page 2.)

## STORES' BUSINESS FOUND INCREASING

Growing Turnover of Money in London Welcomed

Vaudeville and Movie Houses' Business Decreases

London, March 2.—(Canadian Press Cable)—A noticeable feature of the trend of business in London during the past year is seen in the increased financial returns to the big merchants and a considerably decreased trade for the vaudeville and movie picture theatres.

The annual financial statements of the big stores show that notwithstanding all the talk about the present day taxation being too heavy to be borne, the upper and middle classes are able to find plenty of money, not only for the purchase of necessities, but also for some of the luxuries of life.

Better Showing.  
With scarcely an exception the big stores made an immensely better showing during the past year than had been the case for several years. The profits of one firm for the past year amounted to £200,000, a striking contrast with a loss of £400,000 sustained by the firm two years previously, when the president of the concern paid the dividends on the preferred stock out of his own pocket.

The profits of another store were more than doubled in the past year, reaching nearly £500,000, while still another had nearly £250,000 profits and increased its dividends from fourteen to twenty per cent. Remarkably satisfactory balance sheets are shown by a number of other stores.

Movies.  
On the other hand, while the population supported the clothing establishments very generously, the owners of the picture houses were not so fortunate.

(Continued on page 2.)

## AMBASSADOR OF GERMANY AT LUNCH WITH KING GEORGE

London, March 2.—The German Ambassador, Dr. Gustav Sthamer, and his wife dined with the King and Queen at Buckingham Palace yesterday for the first time since the war.

## BRITISH NAVAL ESTIMATES CUT

£5,000,000 Below Those Presented on Last Occasion

£17,500,000 Below Those Brought Down in 1921

London, March 2.—The naval estimates which will be introduced in the House of Commons in a few days are expected to show a reduction of £5,000,000 below those presented less than a year ago and a net reduction of £17,500,000 below the 1921 estimates.

The Daily Telegraph calls for an attitude of caution in drastic economy so far as the navy is concerned. "We have abandoned the two-power standard, scrapped the navy to the bone, sending to the ship-breakers scores upon scores of ships of war of one kind or another and relegated to retirement many thousands of officers and men," the newspaper says. "The Grand Fleet, of imperishable memory, has gone and in its place we have scanty forces with only fifteen capital ships in full commission, whereas on the eve of the war there were more than thrice as many, with others in reserve."

Further the Telegraph says: "There is a limit to reduction in naval strength which can be made with safety, and if the forthcoming estimates show that the Admiralty has decided that the time has come to call a halt, especially with regard to the number of officers and men, the nation will be reassured."

## PRAIRIE BANK BRANCHES GUARD AGAINST BANDITS

Winnipeg, March 2.—Heads of the branches of the chartered banks in Winnipeg, fearing a renewal of the extensive border raids in branch banks in Southern Manitoba which characterized the bandit area of last Fall, are making every preparation to check the raiders. The Tribune states to-day, basing its authority on the "highest officials in several of the chartered banks."

"It is stated that the gangs which operated from Minot, N. D., last year while the liquor export warehouses were flourishing in Saskatchewan are now quartered in Minneapolis and St. Paul, and that a series of border raids is likely as soon as the roads are fit to travel by automobile." The Tribune says.

## PLAN TO MAKE U. S. CITIZENS OF U. S. RESIDENTS

Pittsburgh, Pa., March 2.—Plans for the Americanization of 7,000,000 foreigners now in this country were briefly outlined by James J. Davis, Secretary of Labor, in an address before the St. David's Society, a Welsh organization of Pittsburgh, last night.

"We are confronted with a serious problem in our alien population," said Mr. Davis after detailing the part the Welsh had played in American history and declaring that "nearly 75 per cent of the aliens in the United States who were born in Wales are to-day naturalized citizens."

"We have 14,000,000 foreigners in the United States," continued Mr. Davis, "seven million of whom are living among us without having taken the duties of American citizenship. We propose to enroll these aliens."

## McMASTER TO BE CHAIRMAN OF FARM INQUIRY

Ottawa, March 2.—(Canadian Press)—The chairman of the special Committee on Agricultural Conditions, it is understood, is likely to be Andrew R. McMaster, Liberal member for Bromie, Quebec. It is expected the committee will get down to work at an early date and some big issues are regarded as likely to come out of it. In addition to the grain trade, it is probable the committee will take up the marketing of potatoes and other basic crops.

## EARTH SHOCK RECORDED HERE THIS MORNING

Another earthquake of moderate intensity was recorded on the instruments at Gonzales Heights Observatory this morning. The record began at 9 hours 6 minutes 30 seconds and continued for some hours. The distance is estimated at 3,000 miles, the centre of the disturbance probably being in the region of Kamchatka.

## ADMIRAL PAKENHAM RETURNS TO BRITAIN

New York, March 2.—Admiral W. C. Pakenham, retiring commander-in-chief of the British naval forces in North American and West Indian waters, arrived here yesterday from Bermuda. He will sail for Liverpool Sunday.

Admiral Pakenham said he was still on active service, but did not know to what post the Admiralty intended assigning him.

## ASSAILANT'S WEAPON NOT YET RECOVERED AT SCENE OF CRIME

Assailant of Ernest Lionel Lorenz Is At Large, With Posse Examining Every Detail of Tragedy.

The mystery of the murder of Ernest Lionel Lorenz on Redfern Street is still unsolved.

The theory of highway robbery, though still being considered, is not as firmly held in some quarters as it was at first, and other possible avenues leading up to the problem are under investigation. It is realized, of course, that the assassin has had forty hours in which to make his escape, and it is not unlikely that he has taken the fullest advantage of his opportunities in this respect.

The weapon with which the murder was committed has not yet been recovered. Meanwhile every clue is being examined, hitherto without success.

Every available police official in the city and district is at work on the case, including the Royal Canadian Mounted Police, who have now joined the posse.

## INQUEST AND FUNERAL

The funeral of the late Ernest Lionel Lorenz will take place from the Rev. C. F. Palmer's premises at 3 p. m. on Saturday after a service at which the Rev. G. H. Andrews will officiate. Interment will take place at the cemetery. Inquest takes place to-morrow at eleven o'clock.

station telephone has been kept busy with reports by residents who heard or saw something which to them appeared suspicious. With unavailing effort the police have taken note of all reports, and have systematically weeded out the useless from what might open a sensible avenue of detection.

The Royal Canadian Mounted Police are working under their own officers, the Provincial Police under the command of Chief Fry and Commissioner Stenland, with the advantage of his own private detective agency. The search and his wife's experience has thrown himself heart and soul into the search and is pursuing independent investigations.

Many clues examined.  
From the mass of reports placed in the hands of the police some gave momentary promise of leading to real information. A doctor and his wife, who were driving along Fowl Bay Road saw two men on bicycles who, they claim, acted in a peculiar manner just ten minutes before the murder is said to have been committed. The cyclists alighted and left their machines in the bushes to run on wheels, and proceeded to Redfern Street.

Another resident saw two men standing at the corner of Redfern Street and Oak Bay Avenue. They were apparently on foot, and in most cases the time factor was sufficient to eliminate the possibility of a solution to some of the clues. A few scattered instances official note has been taken of such reports.

Man in a Hurry.  
Seated in his car on Fort Street immediately to the North of the intersection of Redfern Street and Oak Bay Avenue George Ingledew was approached by a stranger at 11:50 p. m., who poked his head through the curtains of the machine, and demanded to be driven to James Bay. Mr. Ingledew replied that he was not a taxi-driver but, nevertheless, could get a street car in a short time that would take him to his destination. The man replied that he "did not want a street car," and made off. The man's bearing, recalls Mr. Ingledew was that of a man in a hurry and slightly excited.

Mr. Ingledew is able to furnish a description of the clothing worn by the stranger, but little noted his features in the dark at that place. He saw the stranger make off along Fort Street, wandering fast. Though there may be an entirely innocent explanation for that interview, the occurrence, says Mr. Ingledew, impressed itself on his mind to such an extent he made mention of it to his family when he got home that night.

Similarly another report seeing a man come out of the Pemberton Woods to the south of the scene of the murder at 11:50, and make off along a country road at this point. From such meagre information the police are trying piece together the events of the night.

The search for the revolver with which the crime was committed proceeded to-day, and up to a late hour this morning the police had failed to discover the weapon. It was thought that the revolver might have been thrown in the vacant lots adjoining the scene of the murder, but if it was, its hiding place is still a secret.

A report that the street car carrying Lorenz was followed by a motor car is being investigated. A lady saw a man jump into the car, drawn up at the curb opposite the bank, whisper to the driver, and the car drove after the Oak Bay Street car.

## DR. W. MAYER IN OPERATION IN MUNICH TO-DAY

Munich, March 2.—Dr. Wilhelm Mayer, the recently recalled German Ambassador at Paris, to-day underwent an operation.

We Suggest Shopping Early in the Morning As Such Hats and at Such Prices Will Sell Quickly

**\$5.75**

Will Mark

**RAILWAY ACT  
AMENDMENTS URGED**

Ottawa, March 2.—A bill to amend the Railway Act in regard to local discrimination was introduced in the House of Commons yesterday afternoon by D. M. Kennedy, Progressive, Edmonton West.

Section 314 of the act deals with rates and prohibits discrimination only under certain qualified circumstances. Mr. Kennedy proposes to strike out those two qualifications, which effect goods under substantial

ally similar circumstances and conditions and passing over the same line or road.

Another section contains the provision regarding shipping facilities for grain from the Western Provinces to Lake Superior and the East.

Mr. Kennedy proposes to make the same law applicable also to shipments to the Pacific Coast.

The bill was given first reading.

**ROYAL ARCH MASONS  
ELECTED OFFICERS**

Toronto, March 2.—One of the surprises of the sixty-sixth annual convocation of the Grand Chapter of Royal Arch Masons, which concluded yesterday, was the adoption of an amendment to the constitution under which members of Royal Arch chapters who for any reason stand suspended in their subordinate lodges shall stand suspended in the chapter, and any member of the Royal Craft who demits from a craft lodge must relinquish his standing in the Royal Craft after one year. Members of the Royal Craft must stand suspended from the subordinate lodges.

The convocation will again be held here next year.

The election of officers was concluded as follows: Grand Scribe, N. L. Boss, London; Grand Principal

Sojourner, W. J. Armstrong, Toronto; Grand Registrar, A. Saunders, Toronto; Executive Committee, Lowell L. Wood, Toronto; Dr. Walter Price, Port Credit; A. Cowan, Barrie; Edwin Smith, London; and George Gardner, Toronto.

**UNEMPLOYMENT  
PROBLEM HANDLED**

Ottawa, March 2.—Having regard to employment conditions as appearing during the present Winter and by comparison with those of the Winter of 1921-22, the provision for unemployment now in effect was on as generous a scale as the policy in force when the King Government came into office. Hon. James Murdock stated in the House of Commons yesterday afternoon.

Since the unemployment conference was held with the Government of several provinces in September last, the Federal Government had kept closely in touch with the various aspects of unemployment, the Minister of Labor said.

J. S. Woodsworth, Labor, Centre

**BETTING MOTION  
DEFEATED ON VOTE**

W. C. Good Race Track Resolution Rejected by Commons

Ottawa, March 2.—The resolution moved in the House by W. C. Good, Progressive, Brant, Ontario, to make illegal commercialized race track betting, was defeated in the House late last night by a non-party vote of 86 to 76.

The division came after two days of debate and cut across party lines, members of the Cabinet itself differing in opinion.

Hon. James Murdock, Minister of Labor, and Hon. W. R. Motherwell, Minister of Agriculture, voted for the resolution.

Sir Lomer Gouin, Minister of Justice; Hon. D. D. McKenzie, Solicitor-General; Hon. H. S. Bland, Minister of Health; Hon. Charles Stewart, Minister of the Interior; Hon. A. B. Cope, Secretary of State, and Hon. J. H. King, Minister of Public Works, voted against it.

All Liberals present but twelve, and, curiously enough, all Conservatives present but twelve, voted against the resolution. The resolution presented voted for the resolution, with the exception of Angus McDonald, Temiskaming, who voted against it.

Legislation.

During the debate Sir Lomer Gouin, Minister of Justice, intimated the possibility of new legislation on racing. The Attorney-General of Ontario, he declared, had recommended such amendments to the Criminal Code as would make illegal the publication of racing tips, selections, odds, winning money prizes, pari-mutuel payments or similar information except on the premises of a racing association while a meet is in progress, whether the race be held within or without Canada.

"I am prepared," added Sir Lomer after reading the proposed amendments, "to recommend to my colleagues that we should make a Government measure of the substance of the amendments which I have just read to the House."

Sir Lomer advised Mr. Good not to press his resolution to a vote. He did not believe the people of Canada desired such radical changes as proposed by Mr. Good. From what he had heard, the Maritime Provinces, Quebec, British Columbia and the Western provinces were not in favor of it. There was some demand from the Province of Ontario.

Favored Proposal.

A. M. Carmichael, Progressive, Kindsler, declared himself unservedly in favor of Mr. Good's motion. With regard to betting on horse races being an attraction to immigrants, Mr. Carmichael expressed his conviction that a large number of the best British immigrants were leaving their country to come to Canada for the very purpose of getting into from saloon bars, gambling and betting, which were all too prevalent in their own land.

R. J. Woods, Progressive, Dufferin, Ont., said he could not approve the principle of gambling in the churches, the National Council of the Y. M. C. A., the Canadian Council of Agriculture and many other organizations were behind this demand for prohibition of gambling.

Hon. C. Macell, Liberal, Bonaventure, opposed the resolution. He suggested that the principle could prohibit horse racing quite easily by making the license fee high enough. He hoped, however, that Sir Lomer Gouin's suggested measure to eliminate obnoxious advertising would be pressed upon the House.

Replying to a question by Mr. Good, Sir Lomer Gouin asserted that he knew of no reason why the province was not in a position to exact a high license fee for horse races as it chose.

Motherwell's Views.

Hon. W. R. Motherwell, Minister of Agriculture, said one's attitude toward gambling was largely a matter of how one had been brought up. He had been brought up to believe that gambling was fundamentally wrong and without any redeeming feature. He could not, at this time, make himself over again. He believed further that his constituents and all the people of Saskatchewan were against legalized gambling on the race tracks. It had been a surprise, Mr. Motherwell said, when he took over the Department of Agriculture and found that it was the supervision of race track gambling. It should not be connected with the honest agricultural industry. Mr. Motherwell gave figures showing the total gates and pari-mutuel receipts of the various racing associations, and said that of \$75,000,000 wagers, plus gate receipts in 1921, the associations had distributed 33 per cent in prize money. Supervision by the Department of Agriculture cost \$60 a day because of the increased percentage retained by the Provincial Governments. The amount of money bet had been reduced by \$3,000,000 which showed that wagering was discouraged by the increased taxation. The racing associations and the provinces got their percentages before the public got any returns on the money bet.

Covers Issue.

Toronto, March 2.—The utterance of Sir Lomer Gouin, Minister of Justice, in the House of Commons yesterday, indicates a policy of the Federal Government putting through legislation which will cover the very issue that Attorney-General Raney seeks to deal with in his bill introduced in the Ontario Legislature to prohibit the publication of information concerning race track odds, etc. When the dispatch was read to Mr. Raney, he said action on the part of the Dominion Government would obviate the necessity of the Provincial Legislature dealing with his measure.

**VALENTINO'S REMARRIAGE.**

Los Angeles, March 2.—The remarriage of Rodolph Valentino, motion picture actor, to Winifred Hudnut, dancer, will not take place in Chicago next Monday if, as reported, the ceremony waits upon confirmation from Los Angeles that an interlocutory decree of divorce granted to Valentino here last year had been final.

The interlocutory decree obtained by the screen star from Jean Acker, his first wife, was signed March 1922, which means, according to California law, that neither party to the action may legally remarry until March 16, 1923. Hence, attorneys stated to-day, the awaited confirmation is not likely to reach Chicago before that date.

**SOUTH AFRICA  
BARS ASIATICS**

Minister's Order Upheld by Supreme Court

Asiatics Declared Unsuitable to Country's Requirements

Cape Town, March 1.—The appellate division of the Supreme Court has delivered an important judgment on the question of Asiatic immigration into South Africa. By a majority have confirmed the notice issued by the Minister of the Interior in August, 1913, the effect of which was to declare Asiatics prohibited immigrants under the Immigration Restriction Act.

Sir W. M. Solomon, who delivered the majority judgment on the question, stated that three of the five judges adhered to the view that Asiatics as a class were unsuitable to the economic grounds to the requirements of the South African Union. He said he did not think the Minister of the Interior was actuated by racial motives when he issued the notice.

The minority of the court held that the Minister's notice was beyond his legal power in the matter, as the basis of classification in connection therewith was too wide.

**TRACTOR USED IN  
YUKON IN WINTER**

Experiment of Keno Hill Mine Reported Great Success

Dawson, March 2.—(Canadian Press).—Having "mashed" the Mayo trail at a 23-mile a day clip, David McRae and Fred Cotter arrived here yesterday afternoon, seven days out of Mayo. The distance is 160 miles.

They brought news that Tommy Jones, the well-known Keno Hill boxer, will lose several toes in an amputation made necessary by frostbite. He got his feet wet while waiting for a train to the coast and had to be taken to the Mayo Hospital.

The new arrivals report that the Keno mine, which has been producing steadily this Winter and the estimated 5,000 tons of ore will be ready for shipment at Mayo Landing when navigation opens a month or two hence. The caterpillar tractor has proved a success in the silver area. Even the coldest weather did not hamper the operation of the ungainly "tank" trucks, which carried their sixty tons per trip in all weathers. It is believed the caterpillar tractor will come into general use all the year round.

**PRINCE ATTENDED  
U. S. UNIVERSITY  
LONDON DINNER**

London, March 2.—The Prince of Wales broke into slang last night while addressing the American University Union, Speaking of the benefits of overseas experience, he said "most of those present and that he might be able to put one over on many of them by asking how many had visited Honolulu and the Philippines.

A jazz band enlivened the proceedings and caused the Prince to remark that it would be difficult to keep his eyes on his notes during the fox trot tunes. Before dinner he shook hands with all the guests.

Lady Astor, the strongest link between the United States and Great Britain—in fact, Great Britain and all other countries.

**MAN AND WIFE  
ONLY INHABITANTS  
OF ISLAND**

London, March 2.—An "Island Paradise" into which the complications of the "eternal triangle" can not enter is disclosed by the last census of the Orkney Islands.

It is the Island of Holm, in the mouth of Stromness Harbor, and the total number of inhabitants is two, a man and his wife.

Other islands in the large group offer close to nothing. Hunda, South Hunda, South of Kirkwall, has a population of three, while Coponsay boasts of seven.

**HON. D. CAMERON  
WAS ELECTED IN  
NOVA SCOTIA**

Sydney, N. S., March 2.—Hon. D. A. Cameron, Provincial Secretary of Nova Scotia, was elected by acclamation in Victoria County at the Baddeck yesterday to succeed Hon. G. H. Murray, former Premier, who recently resigned from the Legislative Assembly.

**Getting Rid of a  
Stubborn Cough Is  
Child's Play Now**

Make the Medicine Yourself at Home It's Cheap—But You Can't Beat It.

If you want to take care of that bad, hang on cough and do it in a few hours, better get one ounce of Farmit (double strength) and mix a half pint at home.

You can do this in two minutes by adding a little sugar and enough water to fill a half pint bottle.

**LOUD VOICE IN  
ELECTION CAMPAIGN**

Woman Speaks for Labor Candidate in Mitcham, England

London, March 2.—Canadian Press Cable).—A woman member of the Borough Council of Mitcham who possesses a voice that could be heard in an air raid is invading the back streets when the husbands are at work and the children at school, in an effort to interest the women voters in the candidature of J. H. Hayes, Labor candidate in the forthcoming Mitcham by-election for the House of Commons.

"If you are not dressed up, stand on your doorsteps and listen," she shouts in a stentorian tone. Then a ten-minute oration in support of Hayes, accompanied by songs and many heads appear in the doorways and windows while she is talking. This operation is repeated from street to street.

The meetings of Sir Arthur Griff-

## A FOUL MURDER.

It will have been taken for granted by the family and friends of the bright young fellow who met his death under such tragic circumstances on Wednesday night that the people of Victoria are eagerly awaiting the news of the murderer's capture. Until he shall have been brought to account, and the initial steps towards atonement taken, this concern for further light on the mystery will mingle with the heartfelt sympathy which is being so genuinely felt and expressed. Meanwhile the difficulty of the task with which the members of the detective and police force are confronted is abundantly and unfortunately apparent.

The murder of young Lorenz once again emphasizes the question of capital punishment and reduces one to a state of wonderment that societies in this country can meet and declare that the hanging of a murderer of the type which snuffed out the promising life of this young Victorian merely constitutes a second crime and is wrong in principle. We have yet to learn how one of these advocates of the abolition of the death penalty would view this form of leniency after his or her household had been successfully attacked by the assassin. No other test of this sentiment would be adequate.

We are of the opinion that fewer murderers would take the risk they run if there were other forms of punishment as a preface to the momentary and almost painless dispatch from the gallows or the electric chair. When Sir Henry Hawkins was called upon to deal with the garrotter in London he prescribed the cat in liberal lashes as often as the body could take the punishment without destroying the smart of which he desired the rest of the diabolical gang to learn. In due season the victim was then dispatched on his last journey.

It was part of Sir Henry's plan to make these periodical whippings known to the public in as much detail as could be employed without offending the canons of natural sentiment. The process was not to wreak special vengeance upon the wretch who had blood on his hands; but to permit the punishment in all its ghastliness to have its effect upon those who haunted and hunted in Pimlico during the years between 1885 and 1893.

In the end the cat struck terror into the hearts of the garrotting brigade and it would act as an effective deterrent upon that type of individual which took the life of young Lorenz on Wednesday night. But the way to increase crime lies in the abolition of capital punishment.

## VICTORIA AND PEACE.

Public sentiment and substantial co-operation should be forthcoming from the people of Victoria for the proposed local branch of the World Alliance for the Promotion of International Friendship. Formation of a body of this kind is timely and no town or city throughout the length and breadth of this continent should hesitate in getting into such a practical march of human progress.

On numerous occasions we have argued in these columns in favor of local offshoots of the League of Nations Society—which already exist in Great Britain and in the United States. We contend that until the people of every country are brought into touch with an active movement that is directed towards universal peace, through the conversion of the masses to a determination to withhold their sanction for war, there will be periodical wars and economic revolutions.

Bishop Schofield went to the heart of the trouble when he intimated to the meeting last night that peace cannot be thrust upon the world until the minds of men have been brought into more cordial and tolerant relationship with one another. This is the sentiment that must prevail if the real cause of war is to be removed. It is not a bit of use calling conferences and entering into agreements for certain reductions in the supply of engines of destruction unless the minds of men are subjected to a similar process of disarmament at the same time.

How vitally necessary it is for the world to understand that its peoples are responsible for the conditions under which they exist need not be labored. It should be patent to them by this time that they pay and suffer for wars because they allow governments to enter into certain covenants, economic or military, and ignore their own opportunities for forging a world alliance that will outlaw human conflict.

What government dare follow a policy which might produce an epidemic of smallpox or aggravate the incidence of tuberculosis? Why should it be any simpler for a government to risk the danger of slaughter in millions on the battlefield? There is a Minister of Public Health in practically every country. There is a Minister of War in every country.

Timidity to depart from ancient usage and appoint a Minister of Peace in any country is one way of getting at the origin of the League of Nations. Yet only the people by their voice and insistence can make the World Alliance a real force behind the child of the Peace Conference.

## CONSERVATIVES AND BOOTLEGGERS.

Conservatives in the Dominion House of Commons have announced their intention to emulate their friends in the local Legislature when the Solicitor-General introduces a measure to invest in this Province the sole rights of importing liquor. Mr. Bowser and his colleagues worked extremely

hard to build up the bogey of high prices and inferior goods in an effort to make out a case for fighting what the Opposition to a man loosely described a Government monopoly. But it passed through the House of Commons, weathered first and second reading in the Senate, and finally met defeat by six votes when twenty-eight members of the Upper Chamber were absent. Whether it would have gone to the statute books if the up-holstered comfort of the Senate had been better patronized on the occasion in question will never be known. A new test will give some inkling of the Senatorial view.

It is interesting, however, to speculate upon the reason why provincial and Federal Conservatives should select such an obviously simple means of sympathy with the bootlegger. For they must realize that as long as the Liquor Control Board in this Province is compelled to administer the law with the knowledge that the Government is not the only importer of liquor there will have to be large sums of money spent on a secret branch of the service, which is not wholly popular with anybody, and whose cost was strongly objected to by Opposition members on the Public Accounts Committee during the recent session of the Legislature, in order to curb competitive and illicit traffic. Why should either provincial or Federal Conservatives increase the difficulties of enforcing a non-partisan measure which has been authorized by a majority of the people in this Province?

## THE KAMLOOPS-KELOWNA LINK.

Although we on Vancouver Island are looking hopefully for some announcement to the effect that the Canadian National Railways intend to develop the people's property in this part of the country, we are not blind to the fact that the decision to proceed with and complete that stretch which is to connect Kamloops with Kelowna and the Okanagan Valley should be good business for the railway.

As a feeder for the national system the Okanagan should be one of the most profitable in the Province. By connecting that particular producing area with the divisional point at Kamloops there should be greater inducement for effort throughout the district traversed and that in itself would be good business for the Province and good business for the C. N. R.

## THE MARRIAGE BARGAIN.

Who will seriously deny the justice of a New York State Bill under whose provisions a wife would be able to demand wages for work done in the home? The interesting feature of the measure is a speculation upon the complications which such a revolution might easily bring. What is there to prevent George from going to Gwendoline and suggesting to her that if she consents to become his wife she will be the recipient of \$3,000 a year, free of income tax, and possibly rising by annual advances until it reaches as high as \$4,500 a year? Think of the competitive bargaining that might result. A rival would come along and bid \$4,000 to start, with such quarterly increases as would bring the total up to \$6,000, similarly free of income tax and with the promise of a pension after twenty years' service. Both proposals are obviously unromantic; but who shall say in this materialistic age that they are economically unsound? That celebrated comedian, the late Dan Leno, claimed that wives were already paid. Said he: "Well, well! Marriage! Giving away one-half of your chop to get the other half cooked!" Dan, however, could scarcely be considered an authority.

## NOTE AND COMMENT

Germany has sent a note to all the larger powers which are not participating in the occupation of the Ruhr "in order to give the world a composite picture of French procedure." If she expects the communication to fare any better than "received and filed" she is doomed to disappointment. French procedure furnishes a striking and humane contrast to that which the occupied nation employed in 1914 and afterwards.

Field-Marshal von Hindenburg has informed the people of Hanover that "we will never forget that we are all Germans and must do our duty, and if necessary we will fight until the last flag is torn to pieces and the last sword blade shattered." Nobody will forget that "Hindy" is a German and always will be; but he and his countrymen do not make war with flags and swords. France and Belgium know that only too well.

Japan furnishes numerous anomalies which impart more than usual significance to the progress which she has made in recent years. She finds herself upon her economic position and has every reason so to do. She sends her youth to Western universities and imitates Western methods; but she hesitates to give her women the franchise. This is her latest decision and all the hope that Premier Kato holds out is that the Government has the question under advisement.

## OUR CONTEMPORARIES.

**SUNSHINE IN ALBERTA.**  
Edmonton Bulletin:—The Winter of 1922-23 has been one of the finest on record so far. The weather of September, October and November could not have been improved upon. Early December carried a flavor of real winter; but for the past five or six weeks we have had calm weather, bright sunlight and a very moderate degree of cold. Indeed, many days have been like Indian Summer, except for the presence of snow. Sleighing has been good since early December, but the snowfall has been light. Lumbering operations have been carried on under most favorable circumstances. Railway traffic has been conducted under most favorable conditions. The mild weather has lessened the consumption of feed by live stock, so that many farmers who entered the winter with grave fears as to scarcity of feed will bring their stock through without loss. While the mild weather has been hard on the coal mines, it has been easy on the householder. In the case of fuel, and in view of the effort made to tie up the mines, it is most fortunate that the weather was as it was.

## Other People's Views

Letters addressed to the Editor and intended for publication must be short and to the point. The longer an article the more the chance of its being cut. All communications must bear the name and address of the writer, but need not be published unless the writer wishes. The publication or rejection of articles is a matter entirely in the discretion of the Editor. No responsibility is assumed by the paper for MSS. submitted to the Editor.

### DARDANELLES.

To the Editor:—The question of the Dardanelles in this city might safely be held over for years if the city authorities would permit all cyclists to run their wheels on the sidewalk at that part of Fort Street, March 1.

### ESPERANTO.

To the Editor:—The Universal Esperanto Association (Geneva), has asked its delegates to all countries to make public the following announcement: "An international conference of Commercial and Tourist Delegates is to be held in Venice from the first to the fourth of April, under the auspices of the Venetian Chamber of Commerce, to discuss the resolution of the Chamber of Commerce of Paris, recommending the promulgation of the use of Esperanto as a facilitator of international commercial relations. The use of Esperanto in wireless telephony will also be discussed. The chief international exhibitions will participate in the conference. Nearly all of them already use Esperanto."

### IMMIGRATION.

To the Editor:—In your editorial of the 27th inst. regarding immigration you say that the limit on the number of immigrants is the high cost of transportation to Canada.

Instead, is it not the thousands of letters from disappointed settlers to friends in the old land, that is the reason? If those already on the land were able to write to their old homes and say that they were making even a bare living you would see an improvement on the number coming over. But when every letter contains a doleful story of how the settler here is going deeper and deeper in the hole and threatening emigrating to the U. S., as thousands are already doing, you cannot expect Britishers to fall over each other in the rush to reach Canada.

Hillbank, Feb. 28, 1923.

### OUR PUBLIC SCHOOLS.

To the Editor:—I read Mr. H. B. Ker's letter in your paper a few days ago and it was an eye-opener to hear the salaries that were being paid, according to those figures. At the High School, leaving out the principal, who gets \$240 per month, 21 men get an average monthly salary of \$260 and 13 women get an average salary of \$203 per month. Technical School. Four men get an average salary of \$223 per month. Victoria College, Craigdarroch, three men receive an average of about \$320 per month and two women an average of \$212 per month. Graded Schools, 23 men receive an average of \$217 per month and 114 women receive an average of \$137 per month. To recapitulate this 23 men receive an average salary of \$244 per month and 123 women receive an average salary of \$146 per month. These are salaries that it is absolutely impossible for the City to go on paying. It is impossible for land to stand payment of salaries such as these, and if the trustees could reduce the amount of this altogether, the City will be absolutely forced to apply to the Legislature to limit their powers. No business of any kind here could stand such salaries, and the owners of land cannot possibly do so.

I appeal to the trustees to cut this down in as wholesale a manner as possible, as more and more people are throwing up their hands and saying it is impossible for them to pay any more taxes on their land. I see nothing for it but to cut out a lot of the fat, such as Victoria College and a great deal of the technical and domestic science, leave these for better times. In these days, unless a boy has very marked ability, the quicker he gets to work the better, after he is thoroughly grounded in the rudiments. The school expenditure is one of the heaviest burdens of the taxpayer and must be reduced enormously. With prosperous times and unlimited means, it would be very nice for the city to go on paying salaries such as these, but it is impossible now.

F. B. PEMBERTON.

**HERE'S TO THE ORANGEMEN!**  
To the Editor:—Snuggly tucked away in small print as it is, of sufficient consequence for a display headline, is an item in the report of resolutions adopted by the Annual Convention of the Loyal Orange Association of B. C., which was in session here last week. We came across it in the Times of last Friday and it reads as follows: "Resolved, that it is the duty of the members of the Association to bring about the prohibition of the sale of wine and beer by the glass over the bar and favoring legislation that will as far as possible bring about some dry prohibition."

This, we learn, was carried by an overwhelming majority and deserves greater publicity than it has hitherto received. Surely in these days when many would persuade us that the trend of public opinion is toward a further sweeping away of restrictions to the sale of alcoholic beverages, it is well worthy of being noted to the contrary that a responsible body of Canadian citizens representative of widely-scattered communities in different parts of the Province publicly takes its stand on a reasonably broad and well-braced prohibition. Really, it looks as though things may not be as wintry as we ourselves are prone to think, and that the time may not be so very far distant when a majority of the voters of B. C. will record

## REGARDING FUEL.

To the Editor:—Does the public realize what a tax on fuel-oil will mean to their pocket-books if it comes into force? The only competitor of coal and other fuels. Do you know that the price of coke is forty per cent higher now than it was six months ago? Some of the dealers in millwood are advising that prices will be advanced. Are we going to sit still and see an already outraged public further insulted and abused? No user of coal to-day can buy coal in bulk quantity at the prices paid by dealers at the mines. Do you think we will pay more or less for coal next year? It rather looks like we will pay more. That is what usually happens when you have destroyed competition. If we succeed in getting a reduction of freight rates we may be able to get Edmonton coal in so as to compete with present prices. The price of coal on Vancouver Island appears to be set according to the price of coal in Edmonton, plus the freight. The use of fuel oil are extensive. It supplies an ever-increasing need in the production of power that coal cannot supply. Are we going to penalize industry and enterprise and put ourselves out of the path of progress? Coal has been the earth for many centuries. If we don't use it, those that come after us will. Let us use wisely this source of energy that is one of the roads to contentment—more people, increased business.  
W. J. MCARTHUR.  
1048 Linden Avenue.

## FEW FOLKS HAVE GRAY HAIR NOW

Druggist Says Ladies are Using Recipe of Sage Tea and Sulphur.

Hair that loses its color and lustre, or when it fades, is due to a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe. Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears. But what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides its beautifying effect, it also brings back the gloss and lustre and gives it an appearance of abundance. (Adv.)

Our First Showing of  
NEW SPRING  
MILLINERY  
Includes All the  
Favorite Modes

Saturday, the third day of our special display of Spring Millinery, will bring hundreds to view the magnificent assembly of new modes the designers have given us for Spring, 1923. The Millinery Department is a veritable wonderland of hats, where beautiful colorings and designs that have won favor in the greater fashion centres of the world are displayed for your benefit. Here are the choice productions that have been accepted as leaders in Paris, London and New York, and which our milliners have spent much time and money to bring within the reach of the ladies of Victoria. You are cordially invited to view this beautiful display to-morrow, from which you may readily select the hat that will be most becoming to you. The qualities are remarkable, the price range great.

## DAUGHTERS OF NILE INSTAL OFFICERS

Seattle and Vancouver Rep-  
resented at Recent Social  
Evening

Miriam Temple, No. 2, Daughters  
of the Nile, entertained at a most  
successful social evening on Tuesday  
in conjunction with the installation  
of the newly-elected officers for 1923.  
The K. of P. Hall was prettily decorated  
with flowers in the organization's  
colors, and incense burners and a  
number of handsome Oriental rugs  
kindly loaned by the Carter Co. en-  
hanced the attractiveness of the  
scene. The Supreme Queen, who pre-  
sided, was escorted into the hall by  
two pages and standard-bearers car-  
rying the British and American flags  
while the National Anthem was sung.  
Officers from Supreme Lodge, who  
were guests for the occasion included  
Past Supreme Queen Mrs. C. West,  
and Past Supreme Queen Mrs. Crowe,  
both of Seattle, also other members  
of the Order from Vancouver and  
Seattle.

At the conclusion of the installation  
an attractive programme was pro-  
ceeded with, delightful numbers being  
contributed by Mrs. Edmonds,  
the Misses Howell and Jones, Robert  
Morrison, vocalists; Miss Bradshaw,  
violinist, and Miss Davies, elocution-  
ist. A delicious supper was served  
in the dining room at prettily decor-  
ated tables, many of the local Shrin-  
ers availed themselves of the cour-  
tesies extended to them, and en-  
tertained the ladies with brief speeches.

## TO ABOLISH GIRL SLAVE SYSTEM

China to Introduce Legislation  
Governing Domestic Ser-  
vants There

Hongkong, March 2.—Agitation in  
the British House of Commons  
against the girl slave or "mui-tai"  
system being portentious in Hong-  
kong has resulted in the introduction  
by the Government of this colony of  
a bill to abolish the objectionable  
features of female domestic service  
among the Chinese.

In the new legislation it is defi-  
nitely laid down that no employer,  
despite any money paid, has right of  
possession in these mui-tai; that the  
latter may be reclaimed by their par-  
ents without payment and that the  
girls themselves may leave their em-  
ployers on attaining 18 years of age  
without notice or payment of any kind.  
More than that, all mui-tai must  
be registered, must be paid wages,  
and must be subject to inspection  
and control of Government officers,  
it being an offence under the  
law to employ an unregistered mui-  
tai.

An important clause in the new law  
is that the employment of any serv-  
ant or mui-tai under the age of ten  
is forbidden. Another provision is  
that the mui-tai must be given the  
same treatment in regard to food,  
clothing, medical attendance and  
punishment as the employer gives his  
own daughters.

The minimum wage of the mui-  
tai is about fifty cents a month if  
under 15 years old and 75 cents if  
over that age, it being explained that  
the girls are treated as members of  
the family and their so-called wages  
may be better described as pocket money.

## GARDEN CITY W.I. PLAN ACTIVITIES OF VARIED CHARACTER

The monthly meeting of the Gar-  
den City Women's Institute was held  
in the Marigold Hall yesterday, Mrs.  
Cochrane occupying the chair. The  
resolution from the Strawberry Vale  
Institute regarding the treatment of  
traffickers in drugs was most heartily  
endorsed.

Mrs. Cochrane called attention to  
the resolution passed at the annual  
meeting of the Local Council of Women,  
regarding the retention of man-  
ual training and domestic science in  
the schools and emphasized the im-  
portance of these subjects in the cur-  
riculum.

The Social Committee reported  
that during February two dances  
and three card parties were held.  
It was announced that a Men's Social  
Club had been formed and, in the  
near future, a boys' club will be  
started. Saturday, March 3, will be  
a children's night for games. There  
will be concerts on March 17 and  
31 and on the 34th an Apron, Home-  
Cooking and Candy Sale will be held  
from 2 to 6 p. m.

Thursday, March 8, an exhibi-  
tion of aluminumware and a cooking  
demonstration will be given at the  
home of Mrs. Roy Smith at 2 p. m.  
Anyone interested will be welcomed.  
"The Model Meeting," in which most  
of the members present took some  
part, the subject was "British Col-  
umbia Industries."

At the close, Mrs. Todd was heartily  
thanked for her work. It was  
with great regret that the resigna-  
tion of Mrs. Fryatt was accepted.  
Mrs. Roy Smith being appointed to  
act as secretary. Tea was served by  
Mrs. Belton and Mrs. Munro.

**NEW DISEASE.**  
Mrs. Giles' husband had been very  
ill. For days he had been gradually  
getting worse, but at last there came  
a change for the better.  
When the doctor called and had a  
look at his patient, he announced:  
"He is convalescent."  
On hearing this Mrs. Giles regarded  
the physician suspiciously, and her sus-  
picion increased when he prepared to  
go without further comment.  
"Well, doctor," said Mrs. Giles, "what  
are you going to do about it?"  
"Do?" was the answer. "There is  
nothing to be done."  
"Well, you are a doctor, ain't you?"  
retorted the enraged lady. "Ain't you  
got no medicine for this 'ere convales-  
cence?"

# WOMAN'S DOMAIN

*Social & Personal*

Mrs. Sidney Child, Simcoe Street,  
is spending a few days in Seattle.  
Mr. F. H. R. Lyon, of Toronto, is  
registered at the Empress Hotel.

Mr. and Mrs. J. M. Whitehead, of  
Vancouver, are guests at the Empress  
Hotel.

Mr. George D. Gittle, of Calgary, is  
staying at the Empress Hotel.

Mrs. H. S. Rolston and Miss  
Rolston, of Vancouver, have arrived  
at the Empress Hotel.

Miss Bruce is leaving to-morrow  
to spend the week-end with friends  
in Seattle.

For the past week Mrs. Cadmore  
and Miss Inez Bodwell have had as  
their guests Miss Tidmarsh, of Se-  
attle, and Miss Hurley, of Tacoma.

Miss Virtue, of Clive Drive,  
Oak Bay, is leaving on Sunday for  
an extended visit with friends in Los  
Angeles.

Mr. Gilbert Lockyer, of Vancouver,  
arrived in the city on Tuesday and is  
remaining here until the end of the  
week.

Mr. and Mrs. George Kidd have  
returned to their home in Vancou-  
ver after visiting Mr. and Mrs. A. T.  
Goward, York Place, for a few days.

Mr. and Mrs. H. Treby Heale, of  
Vancouver, are expected in the city  
on Saturday and in the evening Mr.  
Heale will give a recital at Glenhiel  
lun.

Miss Cathie Williamson left Victoria  
a few days ago for Vancouver, where  
she will take up her new duties in  
the office of the Kelly Douglas Com-  
pany.

Miss Mabel Eberts entertained last  
evening with two tables of bridge at  
her home, "Hopdene," Gorge Road,  
in honor of Miss Tidmarsh, of Se-  
attle, and Miss Hurley, of Tacoma.

Miss Cathie Williams left on Sun-  
day afternoon for Vancouver to take  
up her new duties as secretary to  
President McWilliams, of Kelly,  
Douglas Co.

Mr. and Mrs. W. J. Coulter, who  
for the past year have been residing  
at Sidney Inlet, on the West Coast,  
have been visitors in the city for  
a few days. After a visit in Seattle  
Mr. and Mrs. Coulter will leave for  
Anxox, where Mr. Coulter has ac-  
cepted position with the Granby  
Company.

A number of friends tendered a  
surprise party to Miss Mildred Red-  
man last evening in celebration of  
her birthday. Interesting and amus-  
ing games were arranged, inter-  
spered with instrumental music, and  
sight numbers, which were greatly  
enjoyed. Among the guests were  
Mrs. Lane and Mrs. Redman, the  
Misses Betty Murray, Annie Red-  
grave, Annie Holliday, Mary Samuel-  
son, Rose Dudge, Dorothy Savage  
and Messrs. George Lane, Herbert  
Coulter, Anne Sherwood, Leslie War-  
nock, Cathy and Kitty McClure,  
Helen Laundry, Madge Innes and  
Birdie Palmer.

At "Breadalbane," the minister's  
residence, last evening, the Rev. Dr.  
Cochrane officiated at a ceremony  
which made Miss Annie McPail the  
bride of Mr. Ernest Arthur Moores.  
The bride looked charming in a gown  
of grey satin with hat en suite. She  
was attended by Miss Christine  
Collar and Miss Ada Collier, Mrs.  
Kathrine Lumley Perrier being mat-  
ron of honor. The bridegroom was  
accompanied as best man by Mr.  
William Lumley Perrier. The bride-  
groom is a native of England and

the bride of Scotland. After a honey-  
moon in the Sound cities Mr. and  
Mrs. Moores will make their home in  
Victoria.

Members of the now defunct Agnes  
Deans Cameron Chapter, I. O. E. E.,  
were the guests at an "Auld Lang  
Syne" tea yesterday afternoon at the  
home of Mrs. Barker, 26 Mount Ed-  
wards Apartments. In spite of the  
touch of sadness associated with the  
winding-up of the Chapter, the gath-  
ering proved a delightful re-union,  
the pleasure of the occasion being  
enhanced by the charming vocal  
numbers contributed by Miss Brum-  
pton. A number of doilies made by  
Chapter members were disposed of,  
the proceeds to be added to the fund  
for the framing of the war memorial  
pictures which the Chapter acquired  
for presentation to the South Park  
School, this effort being one of the  
last undertakings of the Chapter be-  
fore its dissolution.

The Queen Alexandra Review,  
W. L. H., has a very successful mas-  
querade dance after the regular meet-  
ing last evening, a fine crowd attend-  
ing. The K. of P. Hall seemed a mass  
of color, so diverse were the cos-  
tumes. The judges, Mrs. Booth and  
Mrs. Carver, had a hard task to  
choose the winners from so fine a  
collection of costumes. Their choice  
was as follows: Novelty costumes,  
Mrs. Parby as a pack of cards and  
Mrs. Leeming as Old Man Quota;  
fancy costume, Miss Stafford, harem  
lady, and Mr. Geo. Lamb, a Rajah.  
The comic prizes were won by Mrs.  
Quaven and Mr. Geo. Paulineas ho-  
bos. Miss Bai's orchestra provided  
the music. For those who did not  
care to dance a whist drive was ar-  
ranged.

On the occasion of their third wed-  
ding anniversary, Mr. and Mrs. Stuart  
Roberts were tendered a surprise  
party last evening at the home of  
Mrs. Robertson's parents, Mr. and  
Mrs. A. M. Aiken, Linden Avenue.  
On behalf of the assembled guests,  
Mrs. Wallace Whidden presented the  
guests of honor with an oak chair  
upholstered in leather. The evening  
was spent in dancing to the music  
supplied by Neary's orchestra. Among  
those present were Mr. and Mrs.  
William Lumley, Mr. and Mrs.  
Crisford, Mr. and Mrs. A. E. Ken-  
nedy, Mr. and Mrs. Garrard, Mrs. Wallace  
Whidden, Mrs. M. Meighen, the Misses  
Beth, Jennie and Dora Al-  
bion, Phyllis, Ethel Aiken,  
Nellie Catterall, Maureen McGimp-  
sey, Winnifred Lee, Kathleen Porter,  
Mildred Russell, Olive Scaplen,  
Moris Simon, Messrs. Frank Son-  
grounds of infidelity, naming Alfred  
George Curphey, an Englishman, as  
co-respondent. Curphey and Capt.  
Stuart, Walter Miles, Stirling Mitchell,  
arrested in New York in 1911, charged  
with ignoring subpoenas to appear  
at the hearing at Pittsburg, but were  
released after being held for several  
months in \$2,500 bail. Curphey, it  
transpired, had been made a co-  
respondent by Lord Vivian in his di-  
vorce from Lady Barbara Vivian in  
London in 1907.

Annals of Mrs. Mellon for inter-  
vention by the British Government  
were denied by Sir Edward Grey, the  
Secretary of Foreign Affairs. He  
held that she had forfeited her British  
citizenship when she married Mr.

New York, March 2.—A marriage  
license was issued on Wednesday to  
Harry Arthur Lee, 30, a New York  
art dealer, and Mrs. Nora Mary Mc-  
Mullen Mellon, 44, divorced wife of  
Andrew W. Mellon, of Pittsburg,  
secretary of the treasury.

Mrs. Mellon before her marriage  
was Nora Mary McMullen, daughter  
of one of the founders of the Guinness  
Brewing Company, of Dublin, Ireland.  
When Mr. Mellon instituted divorce  
proceedings against her she appealed  
to King George and Parliament, al-  
leging that she had been deprived of  
her rights as a British citizen. She  
accused her husband of violating an  
agreement not to divorce her, made  
in 1909, under which she received a  
trust fund of \$1,350,000 and \$350,000  
for their two children.

Mr. Mellon brought the suit on  
grounds of infidelity, naming Alfred  
George Curphey, an Englishman, as  
co-respondent. Curphey and Capt.  
Stuart, Walter Miles, Stirling Mitchell,  
arrested in New York in 1911, charged  
with ignoring subpoenas to appear  
at the hearing at Pittsburg, but were  
released after being held for several  
months in \$2,500 bail. Curphey, it  
transpired, had been made a co-  
respondent by Lord Vivian in his di-  
vorce from Lady Barbara Vivian in  
London in 1907.

# at the Theatre

## ROYAL VICTORIA

Enter Charles Chaplin in the pulpit! The inimitable comedian has been a tramp, a soldier and a duke on the screen, but now he blossoms forth in the full regalia of a parson.

In "The Pilgrim," the first National picture which will be shown at the Royal again to-day, he discards his battered derby and swagger cane of other film triumphs for the clerical hat and frock.

Charles' ministerial garb is stolen property, however, for he portrays an escaped convict who exchanges his prison stripes for the clothing of an unsuspecting parson in swimming.

The complications which ensue when an eloping couple endeavor to get "The Pilgrim" to marry them and when he is unwittingly forced into the pulpit by a chain of extraordinary circumstances, are among the most ludicrous ever screened.

"The Pilgrim" like all of the comedies starring Chaplin, was written and directed by Chaplin himself. It is a feature production in four reels and rivals that screen classic, "The Kid."

Margaret Loomis, who plays the part of Kitty Clyde the actress, in Thomas H. Luce's latest comedy-drama, "Bell Boy 13," which is showing in addition to the above feature, has a horror of snobbishness in any form, and is always willing to lend a hand to "the other fellow," no matter what his apparent social status may be.

Miss Loomis, in the picture, plays the role of "Kitty Clyde," an actress who is a regular girl and not too snobbish to

### AMUSEMENTS TO-DAY

Royal Victoria—"The Pilgrim."  
Columbia—"Do and Dare."  
Dominion—"Peg O' My Heart."  
Capitol—"Java Head."  
Playhouse—"The Cabaret Girl."  
Semple's Hall—Pantomime.

fall in love with a bell boy. The story abounds in deliciously funny situations and hilarious thrills.

### DOMINION

Nigel Barrie, who enacts a prominent role in the Metro screen version of "Peg O' My Heart," now at the Dominion Theatre, in which Laurette Taylor stars under the direction of King Vidor, has a most interesting biography.

His father was English and his mother Irish, and he was born in Calcutta, India. He was educated in Germany, lived in France and the United States, and during the world war fought for Canada. Mr. Barrie has appeared in every form of theatrical entertainment with the exception of a circus and grand opera. In England he appeared on the stage with Frank Benson, Sir Herbert Tree and Fred Terry, and in this country has supported John Drew, Grace George and other noted stars.

Among some of the most recent pictures in which Mr. Barrie has appeared are "East is West," "The Strangers," "Panquet," "Honey and Husbands" and "White Shoulders."

### PLAYHOUSE

If Victorians like entertainment full of novelty and pep they will certainly not miss the present offering at the Playhouse. The Cabaret Girl, London's latest musical sensation, is one of the brightest combinations of music comedy and dance ever conceived, and in its potted form as submitted by the clever producer Reginald N. Hincks, it cannot be beaten. Those who had the pleasure of witnessing the first two performances are loud in their praise of the show, and freely declare that it is another triumph in local theatricals.

Miss Fraser as "the Cabaret Girl" is in her right place, the part giving ample scope for her histrionic and vocal talent. Ernie Petch and Reginald Hincks, together with Mrs. McDonald and Peggy Lewis furnish an unlimited amount of good humor.

### TODAY

## The Cabaret Girl

London's latest. Screaming Situations. Brand new business. Chock full of comedy, punch and pep.

### PLAYHOUSE

Modern music. Melodious mirth. Tunes that tantalize. Haunting harmony. Show with a snap. Prices, 30c, 55c, 85c. Phone 3801

rendering the show full of fun from start to finish. Will Marshall plays the part of the young heir in love with the cabaret girl, and he does it well, as may be expected. Taken all in all this is one of the best shows yet presented by this clever company, and commends itself strongly to the patronage of the theatre going public. Light and bright all the way through, an evening spent at the Playhouse will be found a wonderful diversion. The box office is now open, and seats may be reserved in advance.

### COLUMBIA

Many thrilling tales have been written of Tom Mix, the Fox star who is now moving at the Columbia Theatre in "Do and Dare," but none have been more often repeated by showmen than the yarn unwound by an old circus trooper who knew Tom when the latter was chief of cowboy of a Wild West show a few years ago.

The show was playing in Eastport, Maine, and the circus and during the day trouble arose over a verbal contract made by the advance agent of the outfit.

The showmen readily found recruits from the rougher element of the town people and started for the circus lot to clean up the "show-bus." Word was quickly flashed to the lot. A band of mounted Indians charged the mob, who merely stood by and jeered.

Then the Cosacks were turned loose, standing on their horses, swinging the heavy Russian sabres with which they were armed, but when that plan failed the mob greeted them with a shower of stones.

The circus managers in despair gave up and were about to abandon the lot and the night show, when Tom volunteered to stop the madmen. Mounting his horse and armed with two lariats he charged down the hill to meet the rabble and succeeded in dissolving the mob.

They were there in full force.

### CAPITOL

George Melford, who directed "The Sheik" and "Burning Sands," has added another success to his achievements in "Java Head." This story, which ran in The Saturday Evening Post, has been transferred to the screen in a manner which will cause the picture to rank amongst the best of the directors' work. It has strong dramatic action and holds the attention at all times. Letric Joy, Jacqueline Logan and George Fawcett are in the cast. This picture is showing at the Capitol Theatre all week.

"PASSION" AT ROYAL VICTORIA NEXT WEEK IS EXCEPTIONAL FILM

Motion picture productions of the magnitude and importance of "Passion," which comes to the Royal Victoria Theatre next week, are indeed rare, if not unique. It is a picture which has been a photographic spectacle about which much has been said, and which has been shown in the most successful manner in the history of the cinema.

production and the star, Pola Negri, who seems to have achieved more than the ordinary dramatic triumph in the principal role.

## 'DICK WHITTINGTON' PLEASES AUDIENCE

Pantomime Shows Ability of Players and Careful Direction

Colorful in all its settings, and carrying a repertoire of music of the variety which is most appreciative of a pantomime, the West End Players presented their first performance of the world-famous pantomime, "Dick Whittington and His Cat," at Semple's Hall, Victoria West, last evening. The audience was enthusiastic in their applause of the excellent manner in which the pantomime was staged.

Thirty actors are included in the cast which has been under the able management of John Darbyshire, whose diligent work has been a great factor in the success of the play. In the few minutes between acts special dancing features were offered, so the audience was not given the least chance to lapse into dull moments.

The play is taken from the old story of Dick and his cat. The part of Dick Whittington is taken by Miss Margaret Warner, who plays the part with surprising ability, while R. J. Young appears as Fitz Warren, a London merchant. A. C. Hudson takes the part of the Captain, while Norma Kenny is delightful in the part of the merchant's daughter. The title role is allotted to Mr. Darbyshire, who takes the part of the cat, while the role of Cook is taken by Will Cobbett. Mrs. A. C. Hudson is seen in the part of Slavey.

The special features that are offered are unique, and include the Salvo of Hornpipe under the supervision of Mrs. Turlov Lowry, which is danced during the time of the performance, while in the third act the Spanish dance under the able direction of Mrs. B. G. Ruddock is staged.

in between the second and third acts the Grey Monnet dance under the management of Mrs. V. W. Merryweather takes place.

In an ante-room of Fitz Warren's house a clever Minuet dancing by Mrs. B. G. Ruddock is danced. Other features are introduced to amuse the spectators such as a con specialty, and the dancing of little Edna Lowry and Rosemarie Blakstad, delights the audience. Several vocal selections are rendered by Will Cobbett.

Two more performances of this popular pantomime will be given to-night and to-morrow evening. The proceeds from the show will be given to the needy of the West End and to the churches.

Colorful in all its settings, and carrying a repertoire of music of the variety which is most appreciative of a pantomime, the West End Players presented their first performance of the world-famous pantomime, "Dick Whittington and His Cat," at Semple's Hall, Victoria West, last evening. **WHY HE RAN AWAY**  
Two boys were fishing on an estate when a gamekeeper darted out from behind a hedge. The boys started to run. They took different directions, but the gamekeeper followed the one who shouted and seemed most frightened. After a long pursuit the boy was captured. "You've been fishing without a permit," said the keeper. "No, I haven't," replied the boy, and, to the amazement of the keeper, he produced a permit. The gamekeeper looked at it, and found it in order. "Why did you run away?" he said, angrily. "To let the other boy get clear; he hasn't got a permit," was the reply. **QUITE GENERALLY**

A French writer says that women have better taste than men have, in that they may be true until it comes to the matter of men— which is generally wretched.

## NEW EDUCATION OF LABOR DEALS IN ECONOMICS

### Workers Discarding Old Tactics for Improving Their Lot

Chicago, Mar. 2.—Organized labor has begun, unknowingly, a process of educating its membership out of some of the fantastic economic ideas upon which much of their present discontent is based.

This will probably startle, rather than soothe, some good folk who have become panicky over labor's aggressive political attitude. They just won't believe it. It will be strange news to many labor leaders also, who have not foreseen the inevitable results of some of their new political propaganda adventures.

Since the November elections here and in Britain there has been a hysterical demand that labor be educated in economics. Many people have suddenly awakened to the fact that millions of citizens have little knowledge of the industrial processes by which they live.

If the scars result in overhauling the public school courses it will be worth all the tremors that have come along since the "radical" electoral wave. Come to think of it, it is a bit odd that high schools should graduate so many young men and women with a fair knowledge of the solar system or the history of Rome, but apparently dumb as to the production and distribution of the means of life and the industrial history of their country.

Whether or not labor's propaganda has had much effect on others, it has impressed its own ranks. At first the statistics and arguments, furnished by the experts and handled by the leaders, intensified labor's satisfaction with itself and its discipline and slacking on the job, which were hurried at, as soon as the end of the conflict gave opportunity for folks to get accumulated grumpiness on their chests.

Whether or not labor's propaganda has had much effect on others, it has impressed its own ranks. At first the statistics and arguments, furnished by the experts and handled by the leaders, intensified labor's satisfaction with itself and its discipline and slacking on the job, which were hurried at, as soon as the end of the conflict gave opportunity for folks to get accumulated grumpiness on their chests.

At first the statistics and arguments, furnished by the experts and handled by the leaders, intensified labor's satisfaction with itself and its discipline and slacking on the job, which were hurried at, as soon as the end of the conflict gave opportunity for folks to get accumulated grumpiness on their chests.

phasis laid by publicists and politicians upon a few great fortunes, American workmen for a generation or two have been led to believe that a small class of millionaires is systematically "robbing the poor" of half they produce or more. This idea is not conformed to workingmen. It colors the conversation of every class, including many business men. It tins many prospectuses and much booster stuff between the lines. Of course "radicals" have spread the doctrine, but their direct influence has been small compared to that of loose an ill-informed talk in "conservative" quarters.

Contrast this with the new labor literature put out by such bodies as the "Labor Bureau," Inc., which terms with reference to income tax returns, the reports of the National Bureau of Economic Research, or the work of Prof. Willford L. King. When labor begins to study such things the end of economic job-stuff and melodrama is in sight. Before long mental pictures of fat silk-hatted owners robbing shivering kiddies of their pennies will be banished to the realms of Jack the Giant Killer and the Three Brown Bears.

## PREPARING FOR ALASKA SEASON

### Vessels of Pacific Steamship Company Are Being Conditioned

Seattle, March 2.—Preparatory to the opening of the Summer Alaska excursion season, several vessels of the Pacific Steamship Company are undergoing an overhauling. The steamship *Admiral Evans*, which is to be withdrawn from the Columbia River-California service in a few days, will be returned to the Alaska route to alternate with the *Admiral Watson* in trips as far westward as Anchorage and Kodiak. The steamship *Senator*, now overhauling at San Francisco, will be returned to the Southeastern Alaska service, alternating with the *Admiral Rogers*.

H. F. Alexander, president of the Pacific Steamship Company, will leave Saturday for a two weeks tour of inspection of the company's California offices, accompanied by passenger service manager J. C. McKen. Mr. Alexander announced to-day that the express liner H. F. Alexander now overhauling here will return to the regular schedule of a round trip each week in Los Angeles on March 27 or April 3.

With 1,500 tons of miscellaneous freight from Boston and New York, the freighter *Minnetonka* of the American Hawaiian Inter-coastal fleet arrived here last night. She will be followed Monday by the *Sudbury* from Gulf ports and on Tuesday by the motorship *Californian*.

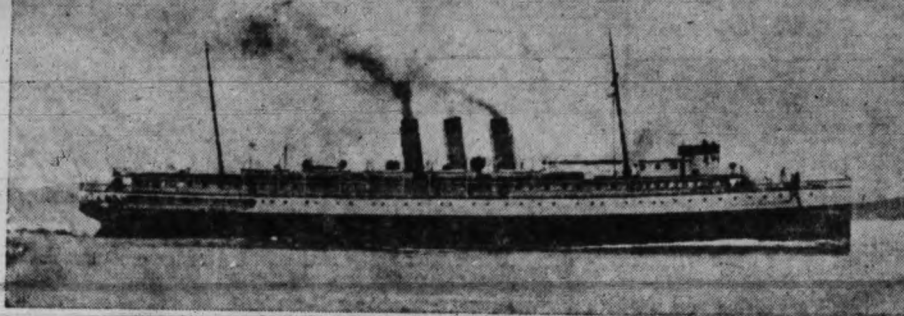

The *Matson Line* steamship *Lurline* arrived in port yesterday, having succeeded in freeing herself from the sandy beach on Whidbey Island, where she grounded in the fog Wednesday. A survey of the vessel revealed no damage. She will sail late Saturday or early Sunday for Honolulu.

This photo, just arrived from Munich, the political storm centre of Germany, shows the Hitlerites, or Bavarian Fascists, preparing to demonstrate in the Bavarian capitol. Clashes between the Hitlerites and socialist parties are momentarily expected.

## OCEAN AND COASTWISE SHIPPING

WILL RESUME GULF SAILINGS ON SATURDAY WEEK

C. P. R. STEAMSHIP PRINCESS CHARLOTTE.

## PRINCESS CHARLOTTE TO RESUME RUN NEXT WEEK

Will Relieve Princess Victoria on March 10—Charlotte to Be Drydocked on Monday and Victoria Will Then Take Her Refit—Ena and Tees Go North

Resuming her sailings in the Gulf service the steamship *Princess Charlotte* will take her first regular sailing of the year on Saturday, March 10, when she will go on the triangular route, relieving the steamship *Princess Victoria*. The announcement was made to-day at the local offices of the C. P. R. Coast Steamship Service, the *Princess Charlotte* is emerging from her winter retirement and will be placed in drydock for cleaning and painting on Monday next. The steamship *Princess Alice*, which now occupies the gravine basin at Esquimaux, will be floated to-morrow and will be in commission again next week.

When the *Princess Charlotte* leaves here at 2:15 p.m. on March 10, taking the sailing of the *Princess Victoria*, the latter boat will be withdrawn and given her annual Spring overhaul. The *Princess Victoria* has been operating steadily throughout the Winter season, and is in need of attention in the drydock before she assumes her share in the Spring and Summer tourist rush.

**Ena for Alaska.**  
The *Princess Ena*, light carrier of the C. P. R. coastwise fleet, is to-day loading a shipment of lumber at Vancouver for Alaska. The lumber is for the White Pass & Yukon route and will be discharged at Skagway.

The steamship *Tees* left Vancouver last night for Prince Rupert and way ports with freight. She is being operated North in place of the steamship *Princess Beatrice*.

**To Dock Coosha.**  
The motorship *Coosha*, which has been lying alongside the wharf at her rocky perch at Albert Head, will be drydocked on Tuesday or Wednesday next for survey of the damage.

The *Princess Charlotte*, which is being drydocked on Monday night or Tuesday morning, following the floating of the *Princess Alice*, will occupy the basin about a day. The *Coosha* will then be put into the drydock. Today the damaged motorship was shifted from her position to the opposite side of Yarrow's wharf. The pumps are keeping the water in check.

**NOT IN THE BOOKS.**  
The fair co-ed was fair indeed, but to her lessons gave no heed. On the campus a group of female seniors had her under discussion. It was all more in sorrow than in anger. "That girl is silly," declared one. "So silly she'll never graduate," asserted another. "Never mind," remarked a third. "She won't need to."

**WHERE THE E PENSE COMES**  
Cigarettes do not cost you so very much unless you have a few close friends who have sworn off.

**ONLY TWO REIGNING QUEENS IN WORLD**  
The Hague, Mar. 2.—Only two important countries are actually ruled by queens, Holland and Abyssinia. Queen Wilhelmina, ascended the throne of the Netherlands 23 years ago, while Walera Zauditu was crowned at Addis Abeba in 1916. She is a daughter of the late King Menelik, who was reported dead so many times that the world was unwilling to believe the announcement of his death when it finally came in 1913. He was first succeeded by a nephew, Lij Yasu. But this new king was so friendly to the German cause in the world war that he was deposed by public proclamation, and his aunt was elevated to the throne. She is 47 years old and a member of the Semite group known as Shoans, from which the ruling class springs. Walera Zauditu's empire contains about eight million persons and comprises an area twice as large as Turkey of to-day and eight times as large as New York state. Wilhelmina's territory in Europe has about the same population as Abyssinia, but only about one-thirtieth as much land. However, Wilhelmina has colonies with a population of 47,000,000 and an area twice as large as Abyssinia.

**Ships at a Glance**  
Ships to Arrive.  
Protestant, Orient, March 5.  
President Jackson, Orient, March 6.  
Hans Hamoff, New York, March 6.  
Kaga Maru, Orient, March 8.  
Knight Templar, U.K., March 10.  
Africa Maru, Orient, March 12.  
Empress of Russia, Orient, March 12.  
Niagara, Australia, March 24.  
Hawaii Maru, Orient, March 27.  
Empress of Canada, Orient, April 3.

**Ships to Sail.**  
President McKinley, Orient, Mar. 2.  
Empress of Canada, Orient, Mar. 2.  
President Jackson, Orient, Mar. 15.  
Empress of Russia, Orient, Mar. 22.  
Protestant, Orient, March 22.  
Niagara, Australia, March 31.  
Empress of Asia, Orient, April 19.

**Coastwise Sailings.**  
For Vancouver  
Princess Victoria leaves 2:15 p.m. daily.  
Princess Louise or Princess Royal leaves at 7 a.m. daily.  
From Vancouver.  
Princess Louise or Princess Royal arrives 7 a.m. daily.  
Princess Adelaide arrives at 3:15 p.m. daily.  
Princess Seattle.  
Princess Adelaide leaves at 4:30 p.m. daily.  
Princess Victoria arrives at 1:15 p.m. daily.  
For Prince Rupert.  
Princess George leaves each Sunday at 11 a.m.  
From Prince Rupert.  
Princess George arrives each Sunday at 7 a.m.

**MIGHT HAVE SUGGESTED COUSIN**  
"My wife was feeling ill this morning and asked me to telephone for the doctor, but I pointed out a big bargain sale in the newspaper and she felt better at once."  
"But wouldn't it have been cheaper to send for a doctor?"  
"Confound it! I never thought of that!"—Boston Transcript.

Canadian National Railways—Old country passengers who are particular as to the kind of treatment they receive are using the "Continental Limited" electric-lighted, all-steel train across Canada, carrying drawing room—compartment—observation cars and standard tourist sleeping cars. Reservations and all details arranged. T. Urlist and Travel Bureau, 911 Government Street.

## RUMORS FLYING OF EXPANSION BY AMERICAN MARINE

Shipping Board to Compete With P. and O. in India Trade, Is Latest

(Special to The Times.)

Paris, March 2.—There is anything in a rumor now circulating in European shipping circles, reports from Washington to the effect that the Shipping Board may be dissolved on account of the failure of the Subsidy Bill, can be discounted. For the rumor runs that greater plans than Chairman Lasker has given publicity. Even in his most optimistic hours, now are being studied for the greater glory and aggrandizement of the American merchant marine. The high light in the rumor is that instead of scrapping ships and cutting down or abandoning service in European routes, the United States Shipping Board may inaugurate a new master service in competition with the Peninsular and Oriental Line between Europe and India.

It is figured that, if the United States decided to enter the Indian trade, it has sufficient ships now idle or not carrying full capacity which are more modern and bigger than the best Peninsular and Oriental liners.

The greatest solace the British passenger lines have to-day, regardless of routes, is the fact that American ships are in bulk. Their greatest bugaboo is the possibility that American ships some day may become wet.

## SHIPPING NEWS IN SAN FRANCISCO BAY

San Francisco, March 2.—Tonnage movements through the port of San Francisco for the month of February, 1923, showed a decided gain over the same month of 1922, according to figures compiled by the Chamber of Commerce. The tonnage arriving here last month was 251,000 greater than for the same month last year, and the sailing tonnage exceeded that of February last year by 7,671.

The steam schooner *Columbia*, recently purchased from W. R. Grace & Co. by Thomas Crowley, arrived yesterday and is discharging a cargo of coffee. In addition to the coffee cargo, the *Columbia* brought in \$60,000 in bullion. The vessel has accommodations for forty-eight first class passengers and is rigged with a towing machine. She will be used in the lumber trade.

Work of extending Pier 44, assigned to the Pacific Mail Steamship Company, is rapidly nearing completion. The pier is being extended into the bay 100 feet, or even with the bulkhead of Pier 46.

Careful wrapping of packages destined for delivery at Oriental destinations is being urged by the United States Post Office Department, following complaints of shippers. The steamship companies are urged to rewrap sixty per cent of the packages that are dispatched on their vessels to the Far East.

## VESSEL MOVEMENTS

Aberdeen, March 1.—Sailed: Edna Christensen, San Pedro; Hoquiam, San Francisco.  
Tacoma, March 1.—Arrived: North-western, Alaska; Starwood, San Francisco; Manila Maru, Vancouver.

## BARGE SALVED

Capt. W. H. Logan, of the London Salvage Association, was advised to-day that the Grand Trunk Pacific barge, ashore at Portier Pass, had been salved and taken to Prince Rupert. The barge was expected to reach Prince Rupert this morning.

## PILOTED FIRST PASSENGER SHIP THROUGH PANAMA

New York, March 2.—Captain Arthur Tod Hugin, widely known seaman who piloted the first passenger steamer through the Panama Canal, died suddenly yesterday of heart disease. He was 61 years old. Captain Hugin was a lineal descendant of Sir Francis Drake.

## WHAT WORRIED HIM

A stranger was standing on the platform of a small railway station when the Northern express—the pride of the line—flashed past. Into the whirl of dust raised by the train leaped the station dog, and tore madly up the track in pursuit.

"Does your dog often do that?" asked the stranger of the station master.

"Yes, sir. Every time the express passes, the dog is after it like a hare."

"That's queer," commented the stranger. "Why does he do it?"

"I don't know," replied the dog owner, scratching his head thoughtfully. "What worries me is, what is he going to do when he's got it?"—Tit-Bits.

## IF SKIN BREAKS OUT AND ITCHES APPLY SULPHUR

Just the moment you apply Menthol-Sulphur to an itching, burning or broken-out skin, the itching stops and healing begins, says a noted skin specialist. This sulphur preparation, made into a pleasant cold cream, gives such relief, even to fiery eczema, that nothing has ever been found to take its place.

Because of its germ destroying properties, it quickly soothes the itching, cools the irritation and heals the eczema right up, leaving a clear, smooth skin in place of ugly eruptions, rashes, pimples or roughness.

You do not have to wait for improvement. It quickly shows. You can get a little jar of Rowles Menthol-Sulphur at any drug store.

## UNION STEAMSHIP COMPANY

Regular sailings from Vancouver to all East Coast and Mainland Ports, Logging Camps and Canaries as far as Prince Rupert and Anuvoo. For detailed information apply GEO. McCREGOR, Agent, Tel. 1925, No. 1 Belmont House.

## NEWS IN BRIEF

A very enjoyable dance was held in Strawberry Vale Hall yesterday. Ray Kinloch's three-piece orchestra supplied the music. Special selections, such as moonlight waltzes and fox trots were enjoyed, and endorsed by the people.

The augmented orchestra of the St. Andrew's Presbyterian Sunday School, under the leadership of Mr. Jesse Longfield, will give a concert in the schoolroom of the church on Tuesday evening, March 6. The orchestra will consist of twenty pieces and will be assisted by well-known vocalists.

A banquet will be held by the Husters of the Centennial Methodist Church at the clubroom in the church building to-morrow evening at 6:30 o'clock. Dr. Clem Davies will be the guest of honor and will deliver an address. It is proposed to make this banquet an annual event.

The Ladies' Aid of Hollywood Presbyterian Mission met at the home of Mrs. Hyslop, Plinwood Avenue, on Thursday afternoon, the president, Mrs. Naismith, in the chair. The principal business under discussion was the apron and home cooking sale which is to be held on April 11 in the Sunday school hall.

At a meeting of the Tolmie Parent-Teachers' Association at the St. Mark's Hall last night Mrs. Gordon lectured on the topic of child welfare. A musical programme concluded the programme and Mrs. Gordon was extended a vote of thanks for the instructive talk she had given. Mrs. Gordon's resignation from the Central Parent-Teachers' Association was accepted and Mrs. Allan was appointed in her place.

The Universal Fellowship of Applied Psychology weekly meeting was held at the Conservative Club rooms on Wednesday, when Mrs. Baker gave an address on the "Human Aura" which was greatly enjoyed by the class. On Wednesday next, the president, R. S. Baker, will begin a series of lectures upon elementary psychology, to which all interested are invited, as everyone will enjoy listening to this speaker, who has given years to this interesting study.

The Portia Society, girls' debating club of the Victoria High School, held a lecture in the High School Auditorium, The subject was "Travel in Foreign Lands" which included India, China and Japan. Many beautiful pictures were shown such as Mt. Everest and other scenes of the Himalaya Mountains. Major Clark had also some very fine pictures of the beautiful buildings and temples in India showing the delicacy and fineness of the architecture. In closing, the lecturer urged the students to forward and develop Canada's resources. Some fine pictures of the great number of industries in British Columbia illustrated these last remarks.

## "CHARTERED CLUB" DECLARE ACCUSED

Sixty-seven Chinese Members  
of Fay Yen Club Ar-  
raigned in Court

That the police were met with an electrically operated door and a buzzer alarm in the course of a raid on premises of the Fay Yen Club on the second story of 55½ Flanagan Street on Sunday was stated in the city police court to-day by John Fry, chief of police.

An electric lock and two push buttons with some wire were exhibited in evidence, as was a large collection of miscellaneous articles usually associated with a gambling house and a small safe on rollers.

The exhibits were shown to the court in the trial of Sam Yuen and sixty-seven Chinese, the first charged with being the keeper of a gambling house and the other with being inmates. The accused, heard to-day on remand, pleaded not guilty, and the trial proceeds.

The defence set up that the Fay Yen Club was a lawful association duly incorporated on January 9 last. The certificate of incorporation under the Societies Act was produced as were the minute and record books of the Association. The Society was not operated as a common gambling house, it would show, stated counsel, and the accused were all members of the Fay Yen Club.

Loung Chee, president of the Fay Yen Club, gave formal notice of incorporation. It grew to such an extent that a membership committee had to be formed to procure selective membership by popular ballot. The club carried on from its membership fees, \$1 for entry and \$2 a month for club members. Mr. Hal-dane, counsel for the defence, pointed out that though twenty-three of the accused Chinamen had different names on the books of the club they were the same people, and actual members in good standing. This could be shown he said, and was accounted for by the fact that the Orientals carried two, and sometimes three different names.

## MEETING OF BEEKEEPERS.

The next meeting of the Vancouver Island branch of the Beekeepers' Association will be held in the Wesley Hall, Sidney, on Monday, at 8 o'clock. An interesting collection of lantern slides of the life and work of the honey bee will be shown. These slides are a collection belonging to A. I. Root, editor of "Gleanings." They should prove of the greatest interest and educational advantage to every beekeeper. The president will be pleased to answer any questions on the subject, and to give any necessary advice.

## TO LECTURE HERE

Dr. Frank E. Dorchester, an authority in psycho-physical education, will lecture here on Tuesday, Wednesday, and Thursday of next week.

## HOLDING COMPANY PLAN ENDORSED

Industrial Group Learns  
About Articles Made  
From Kelp

Questions as to what sites in the vicinity of Victoria are available for industries, and what could be done in the way of providing capital for new concerns wishing to make a start, were discussed at some length to-day at the regular luncheon of the Industrial Group of the Chamber of Commerce. Mr. Boyce touched upon the possibilities of developing a new line of business in the manufacture of articles from kelp, upon which he has applied for a patent. The feeling of the members present was that the problem of finding capital could best be met by the formation of a holding company, not necessarily on a large scale.

Industrial Trust.  
R. W. Jamieson, representing the commercial travelers, spoke with reference to the 24th of May celebration. Their idea was to have a large truck with samples contributed by manufacturers and merchants, and the truck would march alongside and do the distributing. He asked the endorsement of the committee on the idea. Mr. George H. Warren said there was considerable difficulty in inducing the manufacturers to contribute free samples. It is difficult to get the scheme a good one.

The chairman thought literature could be distributed if not samples. "I have seen some of the manufacturers," said he. "For instance, a casket maker pointed out that for him to distribute samples would hardly be practicable."

Mr. Jamieson mentioned a number of firms which he has seen, and from whom he has obtained promises of co-operation. Alderman Harvey commended the idea. He promised that the 24th of May committee would take the suggestion into consideration.

Mr. Warren thought it might be better for each firm to have its own float. Mr. Jamieson said this would be all right, but many of them might not wish to look after the distribution of their own samples.

Mr. Jamieson, George I. Warren and Alderman Harvey were appointed a sub-committee to go into the proposal.

## PLAN TO RAISE SCOW TO-NIGHT

Johnson Street Paving Will  
Not Be Ready When Bridge  
Is Complete

The sunken scow which has been delaying work on the new Johnson Street Bridge will be raised by to-night as a result of the work of the Pacific Salvage Company, city engineering officials expected at noon. As soon as the scow is removed from the bridge site, the bridge foundation work may start again.

It will be impossible now to complete the paving of Johnson Street until the bridge is raised. The time the bridge is ready for traffic, city officials said to-day, if the paving work with its present plan of calling tenders for the paving work can hardly be started before May and will be completed in about three months or thereabouts.

Final plans for completing the bridge and laying the paving will be made by the City Council late to-day.

## LIVESTOCK LEGISLATION

Ottawa, March 2.—Livestock interests of the Dominion are expected to be represented at the meeting of the standing committee on agriculture and colonization of the Commons next Tuesday. The bill to amend and consolidate acts respecting livestock has been set for consideration for that day.

## RAILWAY VOTE NOT BROUGHT ON

Edmonton, March 2.—Closing the debate with a vigorous demand that the Government of Alberta carry out the pledge of former administrations and carry the Alberta and Great Waterways bill, a district of five miles from Waterways into Port Murray, George Mills, Athabasca, yesterday afternoon in the Legislature withdrew his resolution calling for such an extension and thus did not bring the issue to a division of the House, although the whole debate was devoted to this debate. Mr. Mills said he would not press for a vote on the bill, but he would like the fact that the Minister of Railways had not definitely refused to build the line at some future date.

## CLAIM FOR LOSS OF MONEY LOANED

Silver Foam Soap Co. Case Is  
Being Heard

The case of M. L. Caudwell against F. W. B. George was called in Supreme Court this morning before Mr. Justice Gregory but was adjourned for a week. The plaintiff had been unable to secure the attendance as a witness of Major Martyn, of the Provincial Department of Industries. The plaintiff is suing for \$1,000 which he loaned on a debenture to the Silver Foam Soap Manufacturing Co. He asserts that he was induced to make the loan through incorrect representations by the defendant. D. S. Tait is appearing for the plaintiff and Alex. Martin for the defendant.

## ALL WEST TO BACK D. C. IN FIGHT FOR RAIL RATE CUT

McGeer Here to Plan Next  
Attack With Premier

G. G. McGeer, K. C., counsel for the B. C. Government in the fight for lower freight rates which Premier Oliver has been conducting for this Province at Ottawa, arrived at the Parliament Buildings to-day on his first visit since he left for the East early in January.

Mr. McGeer went into conference with the Premier at 1:30 o'clock this afternoon to work out plans for the future campaign against the high rail rates, which will culminate with the Premier's next assault on Ottawa in June.

"The only thing that can prevent the entire removal of the mountain scale of freight rates operating against the interests of this Province is opposition from the C. P. R.," Mr. McGeer said. "But I do not anticipate this in face of the demand of the whole West for better rates. So I do not look for the attitude of the C. P. R. to be antagonistic."

The very gratifying result from this last trip to the Province of Alberta is solidly behind British Columbia, and will support with the strongest enthusiasm the elimination of our discriminatory rates.

"Another accomplishment which I am certain will be pleasing to the people of our Province at this time is the fact that we have the entire bloc of Progressives in the House of Commons supporting our contentions. The question of rates will likely be raised in the House, and I expect the entire West to support British Columbia."

## PLAN TO RAISE SCOW TO-NIGHT

Johnson Street Paving Will  
Not Be Ready When Bridge  
Is Complete

The sunken scow which has been delaying work on the new Johnson Street Bridge will be raised by to-night as a result of the work of the Pacific Salvage Company, city engineering officials expected at noon. As soon as the scow is removed from the bridge site, the bridge foundation work may start again.

It will be impossible now to complete the paving of Johnson Street until the bridge is raised. The time the bridge is ready for traffic, city officials said to-day, if the paving work with its present plan of calling tenders for the paving work can hardly be started before May and will be completed in about three months or thereabouts.

Final plans for completing the bridge and laying the paving will be made by the City Council late to-day.

## TWO CHARGED WITH ASSAULT ON POLICE

Mounted Officers Make Two  
Arrests Following Incident  
Last Night

Frederick Coles, charged with possession of cocaine, pleaded, not guilty to police court to-day through J. P. Ward, his counsel, and was remanded until this afternoon for trial, pleading not guilty. The accused was arrested by officers of the Royal Canadian Mounted Police under circumstances which led to the arrest of two men this morning on warrants charging them with assault on police officers. Coles was arrested last night after a tussle, it is alleged. The accused are Ambrose F. Mathews and William Clark, and are held in custody at the city police station to face trial this afternoon.

R. C. Lowe renewed an application for the possession of fifteen barrels of beer owned by members of the G. A. U. V. Club, he said, confiscated by the police some months ago. The Liquor Control Board, however, to return, stated C. L. Harrison, for the Crown. Magistrate Jay intimated he would make the order when counsel produced proof that the barrels were the individual property of members of the club. An affidavit to that effect would suffice, stated the court.

Charged with being intoxicated while in charge of a car, John W. Dobbie was remanded on bail in the City Police Court this morning for to-morrow. R. C. Lowe appeared for the accused who obtained bail.

## DOCTORS AWAIT INSULIN ARRIVAL FOR TESTS HERE

Use on Two Diabetics to Start  
at Hospital at First  
of Week

Results Show Restoration of  
Strength Is Rapid After  
Injections

Hospital officials and medical men here are awaiting the arrival of the first consignment of insulin for this city. Enough for the treatment of two last stage diabetic cases at the Jubilee Hospital is being brought here under the Hon. J. D. Maclean, Provincial Secretary, in charge of the Provincial Board of Health.

The insulin was shipped last Monday from the laboratories at Toronto. It is expected here in time for administration Sunday or Monday.

In the meantime, medical officials are getting everything prepared for the inauguration of its use here. The administration will be under Dr. Walker, pathologist of the Jubilee Hospital. Detailed records will be kept of results. These will be sent back to Toronto to be compared with hundreds of returns from all parts of Canada and United States, by Dr. Banting, the young discoverer at the University of Toronto.

Care has to be used in shipping insulin, as it has to be kept under certain temperature. When the insulin is administered according to the amount required in one, two or three doses, at, or shortly before meals. Subcutaneous, that is, under the skin, is the method almost invariably employed. By estimation of the sugar in the blood through blood tests, the level of blood sugar is reached and at the same time it assists in spacing the time of administration of the extract.

## A Concrete Example.

Here is the result on a young man who suffered from diabetes and took the treatment at the Toronto General Hospital.

Condition became progressively worse up to his admission, Sept. 18, 1922. During ten days of preliminary observation, his weight varied between 112½ to 116 pounds. He was emaciated, weak and his general appearance was that of a man who had been given a diet of protein, 36 grams or 1½ ounces, fat, 140 grams or 5½ ounces, carbohydrate, 41 grams or 1½ ounces; morning blood sugar was 0.215 per cent. For two weeks, following October 4, he was given three daily injections at meal time of 3 c.c.m. of insulin. After the first day he remained sugar and ketone free. Urinary nitrogen was on the average 15 grams less than before treatment. Fasting blood sugar on the fourteenth day was 0.134 per cent.

The restoration of strength was rapid and by the end of two weeks, the patient was able to take daily walks of two and three miles.

"On October 26 he was discharged and continued to receive 3 c.c.m. of insulin a day."

"He is feeling well and strong. He states that he does his work as a bank clerk with ease and is quite free from fatigue at the end of the day. He has remained sugar-free since discharge on December 5; his weight was 125."

Dieting played a prime part in fighting diabetes before the discovery by Dr. F. G. Banting and his associates of the insulin treatment, and it still plays an important role.

Foods low in calories are first used, but as the treatment progresses, stronger and more nourishing vitamins containing fats and starches can be used. Here are some of the non-nutrient materials first used.

Bran cakes, agar jellies, three-bottled vegetables, mineral oil, mayonnaise, broths, tea and coffee are used extensively to provide bulk and increase the palatability of the diet.

A general plan of investigation and treatment of patients has been adopted provisionally to determine those who require treatment with insulin and the requisite dosage to be employed. On admission to the clinic on the history and physical condition of each patient is investigated.

Patients admitted to the clinic on coma or in the precomatous state whether of the accidental type occurring with a good tolerance or as a sequel to slowly deteriorating carbohydrate tolerance are immediately given insulin treatment.

For other cases a diet based upon the normal basal calorie requirements for the age, height, weight and sex of the patient is calculated.

This diet contains sufficient protein to maintain nitrogenous equilibrium and carbohydrate and fats in such ratio as to avoid the excessive production of acetone and diacetic acid. Patients are usually kept in bed for a variable period following admission to the hospital and after that only light exercise is permitted.

At the end of this period on a constant diet the patients who are sugar-free are advised to continue dietetic treatment in view of the shortage of insulin.

If the clinicians have an idea of the sugar-burning power of the preparation from experience with other patients, the dose may be calculated to render the patient sugar-free for twenty-four hours.

## GERMANS CLAIM GREAT DAMAGE WAS DONE IN BOCHUM

Berlin, March 2.—The damage done in the recent plundering of the Bochum Chamber of Commerce amounted to more than 1,000,000 marks, The Tagblatt estimates.

## Teams With Backs To Wall To Battle Hard

"Die Fighting" Order Has Been Issued By Managers of Victoria and Seattle Squads, Which Fight For Place In Play-off at Arena To-night; Greatest Game of Season Is Looked For; Teams In Good Shape For Strenuous Passage.

There is going to be a rare old gathering at the Arena this evening. The occasion will be the last scheduled appearance here of the Seattle and Victoria hockey teams. So much hinges on the outcome of this meeting that the fans not only in Victoria but also in Vancouver, Seattle and the prairie circuit are eagerly awaiting the outcome.

A win for Victoria to-night will finish the season for Pete Muldoon and his crew and they can return to their jobs on the farm. It will give the Cougars a chance to get a smack at the Stanley Cup for the first time in ten years, for should Victoria defeat Vancouver in the play-off they will meet the winners of the National Hockey League, and if again successful would be in line for the final series with the prairie winners.

### The Darken Side.

That's all very nice. It would give the fans here another three weeks of hockey. Let's look at the other side. Should Victoria lose to-night and be beaten by a big score their chances of making the final line-up into the play-off would be about as rosy as a roll of marks. The Cougars still have that much discussed protested game with Vancouver to replay. A loss to-night and a win against the Maroons by a substantial margin would assure the Cougars of a place in the play-off.

The best thing for the Cougars to do is to step out and toss the Mets to-night. Then everything will be back to the wall and there will be no need to talk about "ifs" and "ands" any more.

### A Great Game.

There is no question but that the game to-night will be a rip-snorter and a crowded house will glimpse the struggle. Both teams have their backs to the wall and everything depends upon the outcome.

Neither club has given out any advance stuff on its plan of campaign. It may develop into a feeling-out first period or the play may be furious from the face-off. It is a clinch that both teams will pay particular attention to their defence and see that no openings are left through which the fast-traveling forwards may slip.

Both captains are particularly anxious to win this game. Eddie Oatman says that the only way to make him feel happy after being soaked in the rain is to win. Frank Foxworth, who was also mugged for a similar game by the Mets, also wants the game to-night.

Whoever team gets out in the lead will have a terrific time holding it as the lead is the key to everything. The team that loses will have the hope of getting the goals and remaining in the race.

Seattle and Victoria have figured in some terrific ice duels in the past. Their last historic battle—the two-hour battle two years ago—ended with a victory to-night will satisfy the fans so everything will be out pulling for the Cougars.

## COLONIST JUNIORS TO PLAY VANCOUVER

### Left on Afternoon Boat for Rainy City to Second Game of Series

The boat to Vancouver this afternoon had on board the Colonist Junior Hockey team, who are going over to the Mainland to play the game with the ex-George team for the championship of British Columbia. When these two teams last met over in the rainy city the local boys were seized with an illness due to ptomaine poisoning. However, they have now all recovered, from the sickness and are now ready with blood in their eyes to take on the Vancouverites in the second game of the series. They have a two-goal lead to overcome as when the Mainland boys came over here and clashed with the Newbies the visitors came out on the long end of a 4-2 score.

The following players have gone on the trip, to represent the Colonist: Campbell, Barberie, Riley, Mowatt, Pinchback, Desbriay, Alexander, Green, Locke, Simpson and McDonald, with Bill McAllister as manager.

### THESE ARE THE KIND OF TIPS WE'VE BEEN ON LOOK-OUT FOR

Monte Carlo, March 2.—When Mrs. Molla Burstedt Mallory was drenched by the breaking of the umbrella covering an antiquated cab in which she was riding, the apologetic driver gave her a number at the Casino and told her to "play it straight."

### EUGEN CRUIQU WILL VISIT U.S. SHORTLY

Paris, March 2.—Eugene Criqui, European heavyweight champion, has engaged passage on the steamship Paris for March 17, when he will sail with his manager, Eudeline, for his Memorial Day bout with Johnny Kilbane for the world's championship.

## GLAD TO BE BACK

Members of the Victoria hockey team photographed with Mayor Reginald Hayward on their return from their triumphant route through the prairies yesterday afternoon. The Cougars play to-night in their seventh game in fourteen days, which is a record for hard going. Those in the picture are as follows, reading from left to right: Eddie Oatman (captain), Harry Meeking, Clem Loughlin, Wilf Loughlin, Jocke Anderson, Lester Patrick (manager), Mayor Hayward, Hec Fowler, Frank Frederickson, Harold Halderson, Tommy Dunderdale and "Dellie" Delidai.

## PORT ARTHUR HOLDS OUT FOR HOME AND HOME HOCKEY GAMES

Winnipeg, March 2.—The Manitoba Hockey League meeting here early this morning decided to stick by the decision of the association that the play-off games for the league championship between the Cougars and Port Arthur be played here. Port Arthur has refused to play, claiming home and home games. A suggestion by several members of the association that a three game series be staged with two games on Winnipeg ice and one with Port Arthur is being considered by the Manitoba Amateur Hockey Association today.

## ANNUAL MEETING OF CRICKET CLUB HELD

Stewart Williams Re-elected President of Victoria Club; Expect a Good Year

Lester Patrick contributed to the entertainment by reciting "Little Boats" in which he sang "Sunny Sally" in warm tones. Jocke Anderson was the Harry Leader of the party; and while he could not find a crinkled piece of cordwood for a walking stick he had a very fine one put over his shoulder. The picture and song "Sunny Sally" in warm tones. Jocke Anderson was the Harry Leader of the party; and while he could not find a crinkled piece of cordwood for a walking stick he had a very fine one put over his shoulder.

In this manner the Cougars whiled away a lot of time while on the train. Their wins kept them in great spirits and they saw the right side of everything.

For instance in Edmonton the Cougars ran into enough trouble to knock the tar out of a sailor, but they were able to turn the laugh on the fans. One Edmonton fan threw a stick at Eddie Oatman but the skipper could not find out who did it or he might have gone to a doctor for about three stitches.

The prize story of all was pulled in Edmonton. Victoria had a lead of one goal with time up and the Eskimos pressing very hard. It looked as though the Eskimos might tie up the score so some one cut the wire from the time-keeper to the bell. The game went thirty seconds overtime before Lester Patrick could get the gong sounded.

When the Cougars were en route to Seattle Lester Patrick received a long distance telephone from brother Frank asking him to suggest date for the play-off in case Victoria was fortunate in making the grade.

"I'm not making any money out of this," Lester said. "I'm not making any money out of this," Lester said. "I'm not making any money out of this," Lester said.

## WITH THE BOWLERS

The Weller bowling team clinched the pennant last night when they won from the Wilcox team by 147 pins, and will now hold the cup formerly in the possession of the Bessie Bowling Club. The team, which bowled over the 500 mark last night, and Moulton was again high man for the Hatters, with 541 pins. The scores follow:

Weller's: Youngs 128 142 184 452; Oatman 156 148 184 488; Hocking 127 203 168 549; Strong 198 179 159 536; Ross 181 165 160 496; Totals 838 833 815 2486

Wilcox's: Fairall 151 135 185 471; Hocking 127 203 168 549; Moulton 198 179 159 536; Low Score 128 142 184 452; Totals 774 760 805 2339

## Cup-Tie Game Cancelled on Account of Lorenz's Death

Owing to the untimely passing of Lionel Lorenz, star centre-half of the Sons of Canada football team, the semi-final of the Jackson-Cup series slated for to-morrow afternoon between the Sons and the Hudson's Bay has been postponed.

The soccer fans were greatly keyed up over the game, which gave every promise of providing plenty of good soccer. The two clubs are battling for the right to enter the finals with the West for the Jackson Cup, emblematic of the soccer championship of Victoria, and the right to play-off for the B. C. soccer title.

These teams met once before and despite half an hour's overtime failed to break the tie. The match was set down for to-morrow but the Sons of Canada made a request for a postponement owing to the death of Lorenz, who was foully murdered on Wednesday evening.

It is likely that the game will be played on Wednesday afternoon next.

## NELSON WILL RETAIN MCBRIDE CUP AFTER BEATING CRANBROOK

Nelson, B. C., March 2.—The McBride Cup remains in Nelson for the next year at least, as the Nelson Seniors handed a second defeat to the Cranbrook team here last night by a score of 8 to 2, thus winning the series 5 to 2. Last night's game was one of the best witnessed here for some time, and the ice which was in good condition made it possible for the Nelson Seniors to play lightning hockey. Nelson scored two in the first, Cranbrook evened it up in the second and in the last the locals added two more. Last night's game officially ends the pastime for this winter.

## YOUNG LIBERALS TO PERFORM TO-NIGHT

B.C. Amateur Hockey Champions Will Meet Blairmore, Alberta Winners

Winnipeg, March 2.—The process of elimination to select a Western hockey team capable of representing Western Canada in the Allan Cup finals against the Eastern champions commences to-night when two important matches are played.

At Vancouver the Young Liberals, of that city, play Blairmore, the Alberta champions, and at Weyburn, University of Saskatchewan, Western inter-collegiate representatives, play Weyburn of the Saskatchewan Hockey League. Two games will be played, the second on Monday night, and the third on Tuesday night.

Vancouver, March 2.—With George Box, their husky forward, ruled eligible to play, the Young Liberals will be at full strength when they clash with the Blairmore Club, champions of Alberta, who arrived yesterday morning, in the Arena on Friday night in the first game of the Allan Cup elimination series. The Albertans have had a good chance to rest up before their game with the local chaps and practised at the Arena yesterday afternoon. It had previously been rumored that Box, who is an ex-pro, would be ineligible for this series, but a ruling has been handed by the B. C. Tennis and Hockey Association that he is eligible to play.

## CARPENTIER'S DEFI HAS BEEN RECEIVED

Paris, March 2.—The French Boxing Federation, says L'Auto has received Georges Carpentier's challenge to fight the world champion, light heavyweight champion, of Europe and the world. The challenge the newspaper adds, has been transmitted to the International Boxing Union.

## ALL FAVORITES WIN AT TENNIS TOURNEY

Philadelphia, March 2.—All the favorites included in the Tilden II. national championship, Wallace F. Johnson, chop stroke expert; and Stanley W. Pearson, squash racket champion, won their second round matches in the Middle States indoor tennis tournament yesterday without much difficulty.

Philadelphia, March 2.—All the favorites included in the Tilden II. national championship, Wallace F. Johnson, chop stroke expert; and Stanley W. Pearson, squash racket champion, won their second round matches in the Middle States indoor tennis tournament yesterday without much difficulty.

Philadelphia, March 2.—All the favorites included in the Tilden II. national championship, Wallace F. Johnson, chop stroke expert; and Stanley W. Pearson, squash racket champion, won their second round matches in the Middle States indoor tennis tournament yesterday without much difficulty.

## Victoria Rep Ruggers Will Meet Varsity

Capitals Have Chance to Put Collegians Out of Running for McKechnie Cup

Victoria's rep rugby squad under the leadership of Boss Johnson, will tackle the Varsity fifteen at Vancouver to-morrow afternoon. The local team was picked last night, and several changes have been made with the hope of strengthening the side.

Victoria can put Varsity out of the running by defeating the collegians. In this event Vancouver would win the McKechnie Cup. The Capitals have little chance of bringing the silverware back to Victoria this season.

Varsity, however, is taking no chances, and will have its fastest squad on the field. The Capitals anticipate a bitter struggle, and are ready to go the distance at top speed, having trained seriously all week. The Victoria team will line up as follows:

Full-back, Boss Johnson; three-quarters, Barney Hunter, Angie McInnes, Taylor and Elliott Trotter; half-backs, McLean and Parker; five-eighths, Adams; forwards, Bob Travis, Harold Colman, Vic Bond, Irvin Blyth, Frank Sweeney, H. Pender, Ryan and Curie.

## TWO JUNIOR SOCCER GAMES ARE ON CARD SATURDAY AFTERNOON

Two junior football games will be played to-morrow afternoon.

The Saanich Thistles and Victoria Wests will meet in the second round of the play-off for the O. B. Allen trophy, the winners meeting Oaklands for the right to play Vancouver for the junior championship of the Province.

The other game will be a Junior League fixture between the Wests and the High School at Central Park, with Locke in charge.

## ELK LAKE HOOP TEAM WILL MEET SAANICHTON

The Elk Lake and Saanichton teams will stage a game at the Y. M. C. A. to-night to decide who has the right to play Jordan River in the final for the Winkler Cup.

The cup is at present held by the Saanichton boys, but no doubt they will have to put up a stiff fight if they wish to hold it this year. A big turnout of Saanich fans is hoped for to boost the rival teams. The managers announce their line-ups as follows:

Elk Lake—Kerney, Fagerberg, Jones, McCulloch, Blagburn, Bull and Robinson. Saanichton—McNally, Crawford, Buckle, M. Lannon, J. Lannon and G. Lannon.

The game is called at 8.30 o'clock.

## LEADING ATHLETES CALLED ON CARPET

McAllister and Ritola Among Those Hauled Before Amateur Union in N. Y.

New York, March 2.—One champion lost his title, two amateur boxers were hauled and other athletes were disciplined by the registration committee of the A. A. U. last night during a closed session in which 30 prominent stars of the track and ring were called on the carpet.

Louis Wettles, Morningside A. C., who won the Metropolitan sixty-yard dash, was called on for having vacated his title on the request of the committee when it was revealed that he had failed to have his registration renewed for the meet. He was suspended until he returned to the championship medal which will go to Harry Rawlings, Long Island A. C., who finished second.

Frank Houltham, St. Raphael's Club, and Frank Singlewalk, St. Bartholomew's Club, were hauled as amateur boxers on charges of professionalism.

Ritola Also on Carpet. While Ritola, noted Finnish runner, was questioned regarding his failure to appear at the Brooklyn College Club games, where his name had not filled out an entry blank for the meet and the hearing was continued pending an investigation.

Miss Camella Sabie, of Newark, international hurdle champion and Miss Adelaide Gehrig, New York, were cautioned against writing advice to would-be athletes in newspapers.

Robert (Bob) McAllister, the "flying Scot" was unable to appear as he was on detective duty at police headquarters. He will be questioned later.

## MRS. MALLORY BEATEN BY ENGLISH PLAYER

Monte Carlo, March 2.—Mrs. Molla Burstedt Mallory, American woman lawn tennis champion, was eliminated in the tennis tournament here to-day, losing to Mrs. Satterthwaite of England, in straight sets, 6-2, 6-1.

Three Rivers Win. Montreal, March 2.—By their 3-2 victory over the Nationals, titleholders of the Montreal City Hockey League, here last night, Lavolette, of Three Rivers, champions of the Province of Quebec Hockey League, advanced a stage in the Allan Cup elimination games and will meet Sons of Ireland, of Quebec, in a home and home series.

## Villa Loses Title On Questionable Verdict

Little Filipino Second Champion to Have Crown Taken Away From Him In New York Within a Week. By Judges; Fans Believe That Pancho Was At Least Entitled to a Draw; Frankie Genaro Is New King of Flyweights.

New York, March 2.—Frankie Genaro, the East Side boy who won the world's amateur championship of his class in the last Olympics, today is the new American flyweight champion, ruler of the 112-pounders.

The deposed monarch is Pancho Villa, the mightiest mite of a fighting man that ever came out of the Philippines. He is a sad boy to-day, stripped for the present of his chance to meet Jimmy Wilde, of England, world's champion of the tiny kingdom.

There are a good many of the 15,000 who saw the crown change hands last night at Madison Square Garden, who think the clever Filipino was treated harshly and at least should have received a draw. It is the second questionable decision in seven days at the Garden, many objecting to the award last week of the light-heavyweight title to Gene Tunney, of New York, who defeated Harry Greb, of Pittsburgh.

### Genaro Opens Fast.

Round 1—Genaro was first to land, put over a right to the jaw. Several times the New Yorker sprang in like a tiger, rushing the champion to the ropes and sinking his left to the champion's corner. The left swings to the head. Both men were cautious and Genaro took what offensive there was.

Round 2—They clinched. Genaro swung wildly several times and then ducked away from the champion's left. Villa was the aggressor in several body punches which were even and then bounced off the ropes when Genaro shot a left swing to the jaw.

Round 3—Villa sprang away when Genaro leaped for him. Genaro sunk his left in the Filipino's stomach and a second exchange, Villa was reprimanded for throwing Genaro against the ropes. Villa led a furious exchange in Genaro's corner.

### Some Powerful Hitting.

Round 4—Villa landed left jab to stomach and head and catching Genaro by the head, Villa caught him by the head. The challenger was warned for butting his head on Villa's chin. Genaro rushed Villa across the ring and the champion's corner with the ropes. The challenger sent the champion back on his heels with a left to the head. Villa replied with a right that plunged into Genaro's stomach.

Round 5—Both took hard lefts to head and clinched. Genaro rushed Villa to the champion's corner with a repeating left to head and body. The champion landed a fusillade on Genaro's torso. Villa shot a left to challenger's jaw. Both were missing frequently.

Round 6—Villa caught Genaro in a head and chest both with a left to the head of several other exchanges. Genaro rocked him with a left to the jaw. Villa put his left to the body and a two-fisted attack to the head and body. Villa was booted for the backhanded "rabbit punch."

### Genaro's Neck Red.

Round 7—So far the bout was slow but anticipated action was even. Genaro got two stiff lefts to the body and one to the head before Villa could return his right to the head. Villa put his left to the body and jaw. Villa was using the "rabbit" punch until the back of Genaro's neck was red. Both men posed a great deal.

Round 8—Villa took the lead. He hooked his left to Genaro's head and in a clinch landed, effectively to the body. After rushing the challenger to the ropes the Filipino showed down and missed several long swings. Genaro caught Villa's jaw with a downward left and then shot his left flush to the jaw. But the champion did not stagger. They were dazed after the exchange.

Round 9—They exchanged to the body in a series of clinches, Villa occasionally boxing Genaro's jaw. Genaro staggered Villa with a left to the jaw and Villa sunk his left into Genaro's stomach. Villa swung Genaro around with three short lefts to the jaw. The crowd called for action and the boxers answered with clinches.

Villa Wins A Round. Round 10—Again the champion took command with his left to jaw and right to ribs, surging in ferociously. Villa drew blood from the flesh under the challenger's left eye, but Genaro countered him with a wild left. Villa staggered Genaro with a left to the jaw as the round ended.

Round 11—They sprang at each other like tigers and Villa lifted Genaro off his feet with a left to the jaw. The champion began a slashing two-handed attack and Genaro began to clinch. They exchanged left-hand swings to the jaw.

Round 12—After a body exchange Villa rocked Genaro with a right to the jaw and the challenger replied with a left. Genaro was sent reeling to the ropes. Both men were at it hammer and tongs, with their upper cuts and swings. Villa landed half a dozen lefts to the jaw in the last half of the round.

Round 13—Again they joined each other with lefts to the jaw. Twice Villa rushed Genaro to the ropes and

## HILTON BELYEA WILL COMPETE IN HENLEY REGATTA THIS YEAR

St. John, N.B., March 2.—The St. John Rowing Club to-day decided to send Hilton Belyea, present holder of the senior single sculls title to England early in June to compete for the historic Diamond Sculls at the English Henley in July.

The club also decided that he will defend his Canadian title at St. Catharines during the latter part of July.

twice Genaro escaped. They exchanged furiously, each digging into the other's body. Villa caught Genaro off his feet and plunged his left to the stomach.

Round 14—They renewed furious mixing and then quieted down. Several times Villa's left caught Genaro flush on the jaw and the challenger swung wildly. Villa missed an uppercut.

Round 15—They sprang at each other and when they mixed dug like triphammers into each other's ribs. Genaro staggered Villa with a right to the jaw and after a respite repeated. Genaro missed. They clinched. Villa slashed his right to the jaw and missed an uppercut. Villa rocked Genaro with a right to the jaw. They paced slowly and the bell found them mixing.

## FINAL RUGBY MATCH FOR "INTER" TITLE

Wanderers and University School Will Play To-morrow at Oak Bay Park

The final game for the intermediate rugby championship of Vancouver Island will be played to-morrow afternoon at three o'clock at Oak Bay Park, when the Wanderers and University School fifteens will meet.

This is expected to prove an exciting match, as the intermediates play more rugby than the seniors and show up with some fine, fast work.

The university boys accounted for the Normal School, city intermediate champions, in the first round of the series. This was no mean feat for the boys, and they are favored to win over the Wanderers to-morrow.

FRENCH NET STAR IS EASY WINNER AGAIN

Monte Carlo, March 2.—Susanna Lengien explained yesterday that the reason she is not playing in the singles in the Monte Carlo tournament is simply because she never entered in this competition.

It was only at the express request of Elizabeth Ryan, joint holder with Mlle. Lengien of the cup for the doubles championship, that she agreed to come to Monte Carlo so that Miss Ryan "could not lose," she said.

Mlle. Lengien was annoyed at the somewhat cold reception she received and the expressions of disappointment she heard among the spectators over her failure to compete in the singles, when she appeared on the court to-day for her doubles match paired with Miss Ryan against Miss May Green and Mrs. Young. Miss Ryan and Mlle. Lengien won the match easily, 6-0, 6-0.

## VANCOUVER ISLAND NEWS

### DAUGHTERS OF ST. GEORGE CHOSE OFFICERS FOR YEAR

Special to The Times.  
Nanaimo—At a meeting of Oliver Lodge No. 102, Daughters of St. George, the following officers were elected and installed by Sister B. Wagstaff, W. P. D. D., assisted by Sister B. Pollard, W. P. D., as Grand Conductor:  
W. P. D. Sister N. Wagstaff; W. P. Sister Ovington; W. P. Sister B. Wagstaff; W. P. Sister B. Pollard; W. P. Sister E. Crutchley; W. P. Sister M. Murray; W. P. Sister D. Wagstaff; W. P. Sister A. Jolley; Inner Guard, Sister W. Crutchley; Outer Guard, Sister S. M. Murray.  
After the regular business Sister Jolley, one of the lodge's most valuable members, who is shortly to leave this city, was given a surprise when Sister B. Pollard, on behalf of the Order presented her with a purse as a token of their esteem for her, to which Sister Jolley made a suitable reply.  
Refreshments and music brought the evening to a close.

**Fruit Canning.**  
Frank Shelly has gone to Seattle and other points in Washington in the interests of the Nanose Berry Growers' Association. The object of Mr. Shelly's trip is to secure information regarding the canning of fruit in connection with the proposal to start a cannery plant in this district for the benefit of the fruit growers of the central and northern portions of Vancouver Island.

At an Odd Fellows' military whist drive, 104 players took part, the following being the winners: First, table No. 1, Mr. Monroe, Mr. Flynn, Mrs. McGill and Mrs. Beatty; second table, No. 11, Mrs. Cavallary, Mrs. Dillworth, Mr. Woollett and Mr. Larsen; second table, No. 12, Mrs. Carnely, Mrs. Higgins, Mr. Wall and Mr. McDougall.

Some forty friends gave a birthday surprise party to Harvey Simpson, Pine Street, a most enjoyable evening being spent in music, games and dancing, while refreshments were also served, materially adding to the success of the evening.

**Wedding.**  
Two well-known residents of this district, Archibald Knight, of Parkerville, and Miss Evelyn Gertrude Stevenson, of Coombs, were married by the Rev. Lister in the Presbyterian Manse in this city, the witnesses being Wm. Stewart and Mrs. Stevenson.

**For Relief.**  
The City Council of Nanaimo voted the sum of \$500 to the Cumberland Relief Fund, the motion passing by a unanimous vote.

Mrs. W. C. Glenek and Miss G. D. Sinclair are visiting Mr. and Mrs. R. T. Wilson, Esplanade. Miss Sinclair was a delegate from Wisk, Scotland, at the recent W. C. T. U. convention at Philadelphia and Toronto. After visiting in B. C., she will go on to California for a few months before her return to the Old Country.

The first game in the Davenport Shield competition was played on the Central Sports Grounds before a good

sized crowd of spectators, when the Northfield boys were successful in defeating the local Davenport boys 2 to 1. Northfield was knocked out of the running in the Brackman-Ker Cup by the Davenport some two weeks ago, but took revenge this time, thereby eliminating their opponents from the Davenport Shield.  
On the day's play Northfield had a slight edge, playing better combination than their opponents and being more accurate in their shooting. Davenport made their best showing in the second half, the ball for at least twenty-five minutes being with in the Northfield penalty area, but erratic shooting lost many an opportunity.  
The field was soft and heavy and interfered much with the play.

### NEWS ITEMS FROM JAMES ISLAND

Special to The Times.  
James Island—Mrs. A. J. Dakin, entertained a number of friends at a most delightful bridge party on Wednesday afternoon.

Miss F. Rivers has returned to Vancouver after spending the past three months visiting her parents. Mr. and Mrs. J. Malcolm entertained a few friends at a radio concert which proved quite an exciting experience for the guests.

Mrs. M. Bond has returned home from Victoria, where she visited for a few days. She was accompanied by her mother, Mrs. J. Wallace.

Mr. and Mrs. T. Whalen entertained a number of friends last Friday evening at a very enjoyable bridge party, the occasion being the twenty-first anniversary of their wedding day. Mrs. Whalen was completely taken by surprise when Mr. H. Lyons, on behalf of the invited guests, presented her with a very handsome cut-glass bowl. The following guests were present: Mr. and Mrs. A. J. Dakin, Mr. and Mrs. H. Lyons, Mr. and Mrs. J. Malcolm, Mr. and Mrs. N. Moore and Mr. and Mrs. J. Van Norman. Mrs. R. H. Lyons secured the lady's prize for cards and Miss F. Turner, of Victoria, spent last week-end visiting Mr. and Mrs. Norman Moore.

Mr. Monk of Montreal, H. J. Scott, Mr. Marks Sr. and Mr. Marks Jr., of Victoria, were visitors to the island last Sunday.

**WOMEN'S INSTITUTE WILL BUY LAND**  
Special to The Times.  
Langford—The Langford Women's Institute held its monthly meeting at the home of Mrs. O'Neill, vice-president, on Tuesday afternoon. Madame Beauchemin, president, in the chair. Correspondence was read which contained communications from the Langford G. W. V. A. Greater Victoria Committee, the Institute Board and other important organizations.

A lengthy discussion took place regarding the purchase of a piece of land and being the wish of the Institute to provide a recreation ground for Langford. It was finally decided to buy a piece of land of nearly two

acres from Mr. Dallimore, but whether or not it will be suitable for the proposed ground will be left over for decision later.

Demonstrations in rug-making were given by Mrs. Alkman and Mrs. H. A. Hincks, the former lady demonstrating the making of rag rugs and Mrs. Hincks wool rugs. Both received the hearty thanks of the meeting for their instructions, the demonstrations being much enjoyed.

A delicious tea was served by the hostesses, Mrs. O'Neill and Mrs. Fagan.  
Friends will be sorry to learn that S. Goucher is lying very ill with severe muscular rheumatism.

### SIDNEY REVIEW HAS NEW OWNER

Paper Will Be Published by W. Wakefield, of Winnipeg

Special to The Times.  
Sidney—The Sidney Review has been sold to W. W. Wakefield, of Winnipeg, who is to be assisted by his son, W. J. Wakefield.

**Memorial Park**  
A meeting of the directors of the Memorial Park Association was held at Beach House with Dr. Beale in the chair. A letter was read from Mr. Leeming, Provincial Assessor, saying this year the park would be exempt from taxation. The surveying of the ground is to be started at once, and the sum of \$5.30 has been subscribed for this purpose.

**Card Party**  
At the Social Club card party this week the first prizes were won by Mrs. McMullen, Mrs. A. Crutchley, Mr. MacAulay and Mr. Hambley. Consolation prizes were won by Mrs. MacAulay, Mrs. Harrison, Mr. Coleman and Mr. Veitch.

**Presentation Made**  
A surprise party was given to Mr. and Mrs. Woodward at Beach House. Mr. Heil presented Mrs. Woodward with a casserole on behalf of her friends. Mrs. Woodward thanked them all in a few well chosen words. The evening was spent in games and dancing, and later supper was served. Mr. and Mrs. Woodward, who have lived in Sidney the last four years, will leave on Saturday and will live in Victoria.

The Canadian Pacific steamer Otter put in at the wharf and landed one passenger.

### POTATO GROWING TO BE DISCUSSED

Special to The Times.  
Metehosin—The directors of the Metehosin Farmers' Institute will meet at Metehosin Hall on Tuesday, March 6, at 7.30, when important business will be discussed. This meeting will precede a special meeting of the potato growers of the district, called under the auspices of the Farmers' Institute for 8.30, when J. A. Grant, Market Commissioner, and C. Tice, Provincial potato expert, will be present. Mr. Tice will go fully into the growing of potatoes from certified seed, and J. A. Grant will deal with the marketing of the product. The directors recommend all potato growers of the district to be present and to take up the business. A special committee will be appointed from the institute to look after that branch of agricultural work, and it will be their business to urge as many as possible to grow seed potatoes under the supervision of the Department of Agriculture.

**For the Children.**  
The second of the series of "Children's Story Hours" took place at the home of Mrs. A. D. Ellwood on Saturday afternoon last. Owing to the absence of Mrs. T. Barclay, through sickness, Mrs. Ellwood and Miss Sprinkling shared the reading, Alfred Carmichael's "Indian Legends of Vancouver Island" being the book chosen. The children keenly enjoyed the romance of the local woods and shores, the legend of Kite-Ten proving a particular favorite, songs and games were also included in the afternoon entertainment, which concluded with 5 o'clock tea.

The "story hour" will commence promptly at 3 p. m. on Saturday, March 10, at Mrs. Ellwood's, when it is sincerely hoped that Mrs. Barclay will be sufficiently recovered to continue Kipling's "Jungle Book."

**PUPILS HOUSED IN TEMPORARY QUARTERS**  
Special to The Times.  
Colwood—Twenty-three children have been taken from the senior school at Colwood and housed in the Institute room at Colwood Hall, the Trustees having hired it until the new school room is built. Miss G. Scott, of Victoria, late of Sackville, has been engaged as junior teacher. It is rather a coincidence that the junior teacher at Colwood and the junior teacher at Metehosin should possess the same name, with the same initial.

Miss Scott will continue to reside in Victoria and travel to and from the school by motor stage.

A fairly large crowd attended the dance held at Colwood Hall Wednesday night by the Colwood W. L. although owing to the fact that the roads were very rough a smaller number of visitors from neighboring districts than usual attended. Excellent music was provided by G. Schofield, J. Goodall and A. White and refreshments were served by the Social Committee of the Women's Institute. The proceeds went toward the piano fund. It is proposed to repeat the event on Tuesday, March 13, the same music having been procured.

**LECTURES ABANDONED**  
Special to The Times.  
Langford—The series of Lenten lantern lectures announced for each night this week at Langford Hall by Rev. William Fuller, Evangelist, was discontinued owing to the indifferent attendance. The series closed with Tuesday night's lecture.

**ALLARD FUNERAL AT SOMENOS TO-DAY**  
Special to The Times.  
Duncan—The funeral of the late Charles Allard, who perished in the snow while cougar hunting, will take place to-day in the Municipal Cemetery, Somenos.

He leaves to mourn him, his mother, five sisters and three brothers, one brother Fred was killed in the great war and his father, Maxine Allard, died some six years ago.

The verdict at the inquest, at which

Coroner Swan presided, was that death had resulted from exposure and exhaustion.

The body of Allard was found on Tuesday by his uncle, I. Allard, about three-quarters of a mile from the Jones Cabin, Mount Prevost, from which place he had started on a cougar hunt over two weeks ago. Search parties had been out continuously, and his companion, Albert Sockett was brought in last week. It was thought Allard was trying hard to reach the cabin, when the snow got too deep, as he had matches and provisions and could probably have made camp had he so desired.

Albert Sockett, whose feet were frozen as the result of his exposure, is still in the King's Daughters' Hospital here. He has had to have most of his toes amputated, but is otherwise he is doing well.

St. Peter's Sewing Society will hold their usual Lenten concert, sale of work, on Wednesday, March 21, at the beautiful residence of Mr. and Mrs. G. O. Day, Sablatton, Quinalchan Lake. The programme, which bids fair to be an excellent one, is being arranged by Mrs. B. Hope.

**GREAT BRITAIN HAS 962,000 CARS**  
There were 962,000 motor vehicles, the licenses of which were current on August 31, in Great Britain, according to The London Times Trade Supplement. This figure includes approximately 214,000 cars taxed on horsepower, 377,000 cycles, 150,000 commercial vehicles, and 77,000 motor hackneys. The number of vehicles exempt from taxation, such as motor fire engines, was 11,065.

The situation regarding the motor truck market has not improved greatly from its condition a few

months ago. The market has been adversely affected by the number of surplus trucks offered, not only in Great Britain, but also in some Continental countries, and in the United States.

**COULD CHARGE A BIGGER FEE.**  
"I guess that young doctor hasn't been practicing long."

"Why do you think that?"

"He told a friend of mine he was suffering from 'loss of appetite'; an older doctor would have called it 'anorexia.'"

—Boston Transcript

# MUTRIE & SON'S GREAT CONSOLIDATION SALE

### THEY CALLED HIM AN "OLD PILL"

THAT was years ago when he packed a terrible grouch, a mighty irritable stomach and a liver that refused to do the things that all good livers should. No wonder his friends called him an "old pill" and stayed away.

But that was years ago—long before he discovered Beecham's Pills and learned that two at bedtime can bring sunshine into a man's life. Today, he's an optimist, a hero to his wife, and a staunch believer in Beecham's Pills.

The cheer that Beecham's Pills bring into a man's disposition, is the incomparable cheer of sound digestion, active liver, and the regular habits that make good health.

At All Druggists—25c and 50c

#### WHAT'S THE USE.

"No, I ain't a'going to renew that accident policy, I tell you," declared Growler. "But why not? It is the best policy on the market. You can't beat it," declared the agent. "That's just it. I can't beat it. I've been paying on the dum thing for six years now and ain't found a single way yet of getting anything out of it."—Cincinnati Enquirer.

## Prophy-lac-tic Tooth Brush

GOOD teeth need regular attention from both dentist and tooth brush—four times a year with the Prophy-lac-tic Tooth Brush. This is the brush that thoroughly cleans even the places that many brushes miss. Tufted bristles and curved handle make this possible.

Prophy-lac-tic Tooth Brushes come in three sizes—adults', youths', and children's; and in three degrees of stiffness—hard, medium, and soft. Always sold in the yellow box. Look for name on the handle.

Sold by all dealers in Canada  
EVANS & CO., Limited

Sole Distributors

### NEW OFFICERS FOR NATIVE SONS HERE

Col. McGugan Heads Victoria Assembly; Urge Life-saving Needs

Officers elected by the Victoria Assembly, No. 1, Native Sons of Canada, last night are: President Col. J. McGugan, first vice-president C. J. McDowell, second vice-president R. A. Hunt, treasurer R. D. Smith, secretary L. P. Macrae, assistant secretary R. C. Ferguson, chaplain Rev. Thomas Menzies, M. P., sergeant-at-arms J. Curtis, inner guard C. Watkins, outer guard R. H. MacLeod, and historian J. Walsh.

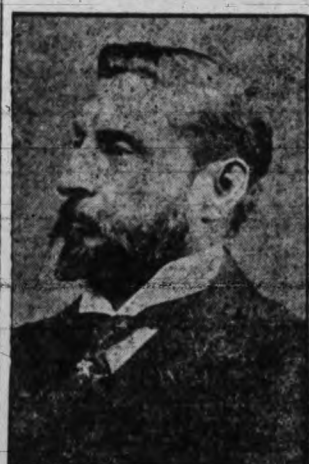

The new officials will be installed by the Grand Lodge officers under Grand President William Ivel at the next meeting of the Victoria Assembly, March 15.

The Assembly last night passed a formal resolution urging that better lifesaving facilities be provided on the West Coast of Vancouver Island. It was suggested that a wireless range finder be operated either at Gonzales Hill here or at Pachena Bay, and that a trail from Hanfield to Chocoma be opened at once.

The meeting decided to give a reception and welcome to Edward Johnson, famous Canadian tenor, who will sing in Victoria March 13.

"MISS EDMONTON" (MISS LEON M'INTOSH) photographed on her way home from attending the Montreal Winter carnival

Sir H. Rider Haggard

famous British novelist, has protested against the spoliation of the tombs of the Pharaohs, urging that the remains of King Tutankhamen be reburied in the Great Pyramid, where they would be safe from further molestation.

A barrister defending a man accused of housebreaking, said:—"I submit that my client did not break into the house at all. He found the window open and merely inserted his right arm and removed a few trifling articles. Now, my client's arm is not himself, and I fail to see how you can punish the whole individual for an offence committed by only one of his limbs.

"That argument," said the judge, "is very well put. Following it logically, I sentence the defendant's arm to one year's imprisonment. He can accompany it or not, as he chooses."

The defendant smiled, and, with his counsel's assistance, unceremoniously corked his arm, and leaving it in the dock, walked out.

### SAANICH MUNICIPAL BUS UNITS

On Wednesday afternoon the Saanich Council formally took over control of two buses, for service between Victoria and Lake Hill under municipal operation. The service is expected to show a profit, but the property owners of the area benefited have guaranteed the municipality against loss. Those sharing in the formalities and subsequent test trip are shown above, their names from left to right being: Councillors Kirkham, of Ward One; Brooks, of Ward Six; Macnicol, of Ward Two, and Reeve G. F. Watson; Ex-Reeve George McGregor, warm advocate of the service; J. Meston, H. A. Davis, D. McGillis, R. Meldram and A. E. Humphries.

#### THE ORDEAL

A naval officer entered a big store with his wife, and elected to stay near the passenger lift while she made a few purchases at the counters. She was away a long time, and when eventually she did get back, he said, mopping his heated brow: "By Jove, Mary, I'm glad you've returned."

"Why, what's the matter, dear?" she asked.

"Matter?" and again he wiped his forehead with his handkerchief. "Why, exactly thirty people have asked me to run them up in the lift."

The head of a large shop, while passing through the packing-room, observed a boy lounging against a case of goods and whistling cheerily.

The chief stopped and looked at him.

"How much do you get a week?" he demanded.

"A pound," came the brief retort. "Then here's a week's money; now clear out!"

The boy pocketed the money and departed.

"How long has he been in our employ?" the chief inquired of the departmental manager.

"Never, so far as I can remember," was the unexpected reply. "He has just brought me a note from another firm."

A gentleman was negotiating with a horse dealer. "I am not so particular about speed," he said, "but I must have a gentle horse for my wife

to ride. Will you guarantee this horse to be safe?"

"Certainly," said the dealer. "He's a regular lady's horse."

"You are sure he's not afraid of anything?" asked the gentleman anxiously.

"Whereupon the dealer assumed an air of reflection. "Well, there is one thing that he has always appeared to be afraid of," he admitted conscientiously. "It seems as if he's scared to death for fear some one might say, 'Whoa!' and he not hear it!"—The Youth's Companion.

A new minister in an Alabama church was delivering his first sermon. The darky janitor was a critical listener from a back corner of the church. The sermon was eloquent, and his prayer seemed to cover the

whole human life, "encircling the globe several times."

After the service, one of the deacons asked the old darky what he thought of the new preacher. "Don't you think he offers up a good prayer, Sam?"

"He mos' suttainly do that, boss. Dat man asked de good Lord fo' things de odder preacher didn't even know de Lord had."—Chicago Record-Herald.

It was at a spiritualistic seance, and the Professor was asking for suggestions.

"Well," said one of the audience, "I have often thought I should like to speak with dear old Cardinal Newman."

"We'll see what we can do, sir. It all depends upon the mood of the medium."

Lights were lowered, and soon a figure clothed in a white gown emerged from the darkest corner in order to impress the audience with his genuineness, the alleged Cardinal advanced, extended his arms, and, in an impressive tone, exclaimed, "Benedicite!"

The two men from a remote part up North had bought London clothes. They thought something of themselves on Sundays, and so did their relatives when they returned home. But one of the pair noticed that his coat began to show creases.

"You ought to have a coat-hanger, Bill," said his friend.

A few days later he asked if the coat-hanger was satisfactory.

"It's all-right," grumbled Bill, "but the wood hurts my shoulder blades and the hook shoves my hat over my eyes."

# Bankrupt Sale

## The Ruth of New Jersey Drama

Mildred Toberock, amateur actress, has made a brilliant success playing the character of "Ruth" in the religious drama, "Veronica's Vell," produced in West Hoboken, N. J.

## Shrieking Maniacs Die in Asylum Fire

Twenty-five men—22 insane patients and three attendants—lost their lives when flames swept this wing of the Manhattan State Hospital for the Insane, Wards Island, N. Y.

Mrs. Thomas Gerald Winter of Minneapolis, President of the General Federation of Women's Clubs of North America, declares she was offered \$250,000 to lobby for "certain legislation" at Washington. She has offered to prove her charge before a senatorial committee.

Dr. Forbes Godfrey, Conservative member for West York (left) called Hon. W. E. Roney, Attorney-General (right), a liar in the Ontario legislature, withdrawing the epithet only very reluctantly at the request of the Speaker.

## He's on the Payroll Now

Charles O'Donnell

ten months, of Brooklyn, N. Y., not only won a recent baby contest, but thereby obtained work as a baby clothes mannikin at a coming silk show.

Edwin Scrymgeour, M. P., who defeated Winston Churchill in Dundee in the recent British election, is to introduce a bill calling for total prohibition in the House of Commons. It is not expected to carry.

Rival Chinese factions are again active, but this time on a political battle-ground. Followers of Dr. Sun-Yat-Sen (left) are striving, in Parliament, to compel the resignation of President Li Yuan Hung (right).

T. L. Church, M. P. for North Toronto, declares Canada should have a national policy in regard to its coal supply, and calls on the Government to consider the initiation of an All-British and Canadian supply. Mr. Church used to be mayor of Toronto, for seven years or so.

This bronze statue of Thomas D'Arcy McGee, one of the fathers of Confederation, has recently been erected on Parliament Hill, Ottawa. It was cast in Belgium just before the war, and during the war was buried and thereby escaped being melted down at the hands of the Germans, who knew of its existence but were unable to locate it.

## THE SANDMAN

## STORY FOR TONIGHT

## LAZY HANS

In a far-off country once there lived a lazy man named Hans; and that was not all the fault he had, for Hans spent much time at the tavern where he lived, and all of his money, too, which in truth was not much. The only work that Hans ever did was to sit on the bank of the river that flowed by the village and fish. Sometimes he caught nothing at all; and when he did catch a few fish, his family were concerned, he might just as well have caught nothing, for he sold the fish at the tavern for ale and did not go home until hunger drove him there.

His patient wife did washing to get money for herself, and little Hans, or they would have fared hard, so little did big Hans bother with the welfare of his family.

One day as he sat by the river fishing, he suddenly felt a tug at the line he was holding. Hans tried to pull in his catch, for he was sure it must weigh many pounds, and he already saw the big pike leaping out of the water before him at the tavern.

But the tugging grew harder as he pulled, and Hans wound the line around one wrist and pulled with all his strength.

Slowly from the water there came a big head and a wide open mouth. Hans remembered the story of Jonah and the whale and tried to unwind the fishing line from his wrist, but he could not do so, the huge fish caught the line in its mouth and jerked poor Hans into the water.

Turning around, the big fish began to swim away, dragging Hans behind him at a furious rate of speed. The bank and the land disappeared from his view as they dashed along. Hans remembered afterwards, though he could never find the place where the big fish suddenly dived under the water, taking him with it.

For some time Hans knew he found himself standing on the bottom of the river or ocean. He did not know where he was, but on a throne of coral sat a big man with a long white beard, looking at Hans very crossly.

"So you are the fisherman who sells his catch for ale at the tavern," said the man on the throne. "Well, as you will not work on land I will work and into a basket which the man on the throne gave him, he put the shells.

Hans was so scared that he did not dare say what he thought—that he could never in a thousand years pick up all the shells. He meekly went to work, and into a basket which the man on the throne gave him, he put the shells.

His back began to ache and he grew very tired indeed, but always when he stopped, he saw the man on the throne looking at him and holding a long white beard, and those pronged fork that Hans was certain had very sharp points.

Days and days Hans thought he must have worked. He did not remember the nights at all. And then all at once he felt very wet. He hadn't before. He shivered, and to his surprise he found himself in the river beside the bank where he had been fishing when the big fish carried him off.

Hans scrambled up the bank and sat down, rubbing his eyes. "I wonder if I fell asleep," he said, "and dreamed it all." But his back still ached, and Hans believed in fairies and goblins and he had no wish to work at the bottom of the ocean again.

"I wonder," thought Hans, "if I sell the fish I catch and carry the money home to Gretchen and little Hans, if the magic folks will let me alone. I believe I will try it and see."

"Whatever has happened to lazy Hans?" asked the people in the village. "He does not spend his time or money at the tavern any more, and little Hans and Gretchen look so well and happy."

"It must be the fairies that made the throne looking at him and holding a long white beard, and those pronged fork that Hans was certain had very sharp points.

Days and days Hans thought he must have worked. He did not remember the nights at all. And then all at once he felt very wet. He hadn't before. He shivered, and to his surprise he found himself in the river beside the bank where he had been fishing when the big fish carried him off.
